*See Page 2 for CME and CE credit details.*

**Registration for this course is free to all participants. Please complete online registration in advance to allow for program planning.**

### **Symposium Overview**

This adult developmental medicine and dentistry course (a first-time initiative at UofL) will present a multidisciplinary approach needed for the care and treatment of adult patients with intellectual and developmental disabilities (IDD) in order to educate and inform health care providers, patients and their caregivers about best current practices and future treatment directions for patients with IDD. Several disciplines will be represented including psychiatry, genetics, physical medicine and rehab and dentistry. It is also expected that this cross-sectional platform, which will include panel discussions and a family case presentation luncheon, will stimulate insightful physician/dentist and patient discussions in a collaborative environment and improve the regional standard of care.

### **Target Audience**

The target audience for this seminar is dentistry, neurology, psychiatry, psychology, family medicine, internal medicine, pediatrics, social work, nursing and other healthcare providers with an interest in IDD.

### **Learning Objectives**

- > Identify the cross-cultural dynamic that has contributed to disparities in oral and systemic healthcare for Americans with IDD and focus on strategies for improving access to quality healthcare for these individuals.
- > Discuss the Five Essential Concepts of Developmental Medicine and Dentistry as a critical thinking construct, which can shape an organized approach to the diagnosis and clinical management of the medical and dental patient with IDD.
- > Recognize the importance of assembling an interdisciplinary team when approaching the patient with IDD, and identify the key members of that team.

### **Special Services**

All individuals are encouraged to participate. To request disability arrangements, please email Course Coordinator, Karen Napolilli at [knapo01@louisville.edu](mailto:knapo01@louisville.edu) at least 14 days prior to the date of this program. Continuing Medical Education and Professional Development fully complies with the legal requirements of the ADA and the rules and regulations thereof.

*We would like to give a special thanks to our educational partner the Lee Specialty Clinic, Kentucky's new home for compassionate, interdisciplinary care for patients with intellectual and developmental disabilities (IDD).*

### **Course Directors**

#### **Henry Hood, DMD**

Associate Professor  
Department of Orthodontics,  
Pediatric Dentistry and Special Care  
University of Louisville School of Dentistry  
Louisville, KY

#### **Lisa Pfitzer, MD**

Associate Professor  
Pediatrics  
University of Louisville School  
of Medicine  
Louisville, KY

#### **Michael K. Sowell, MD, FAHS**

Professor  
Department of Neurology  
University of Louisville School  
of Medicine  
Louisville, KY

## Participating Faculty

### Gregory Barnes, MD

Co-Director, Epilepsy Surgery Program  
Director, University of Louisville  
Autism Center  
Associate Professor  
Department of Neurology  
University of Louisville  
Louisville, KY

### Joseph Hersh, MD

Professor  
Division Chief, Weisskopf Child  
Evaluation Center  
Department of Pediatrics  
University of Louisville  
Louisville, KY

### Matthew Holder, MD, MBA

Chief Executive Officer  
Lee Specialty Clinic  
Louisville, KY

### Henry Hood, DMD

Chief Clinical Officer  
Lee Specialty Clinic  
Associate Professor  
Department of Orthodontics,  
Pediatric Dentistry and Special Care  
University of Louisville School of Dentistry  
Louisville, KY

### John J. Sauk, DDS, MS

Dean  
Professor/Department of Surgical  
and Hospital Dentistry  
University of Louisville School of Dentistry  
Louisville, KY

### Anthony Siegel, MD

Medical Director  
Lee Specialty Clinic  
Louisville, KY

### Sarah Wagers, MD

Assistant Professor  
Division of Physical Medicine  
and Rehabilitation  
University of Louisville Department  
of Neurosurgery  
Louisville, KY

### Panel Members:

#### Robyn Brandenburg, MS, CCC, SLP

Speech and Language Pathology  
Lee Specialty Clinic  
Louisville, KY

#### Kristin Compton, DMD

Developmental Dentistry  
Lee Specialty Clinic  
Louisville, KY

#### Matthew Holder, MD, MBA

Chief Executive Officer  
Lee Specialty Clinic  
Louisville, KY

#### Henry Hood, DMD
