

Management of Primary Glioma in Adults

7/8/2016

This activity was created to address the professional practice gaps listed below:

- Utilizing tumor treatment fields for patients requiring glioblastoma therapy.
- Identifying genetic markers used in glioma histology to aid in the diagnosis and prognostication of patients with these tumors.

1. Please respond regarding how much you agree or disagree that the gaps listed above were addressed.

	Disagree		Agree	
Participating in this educational activity changed your KNOWLEDGE in the professional practice gaps listed above. [10-3.40]	(0)	(1) 10.00%	(4) 40.00%	(5) 50.00%
Participating in this educational activity changed your COMPETENCE in the professional practice gaps listed above. [9-3.22]	(1) 11.11%	(0)	(4) 44.44%	(4) 44.44%
Do you feel participating in this educational activity will change your PERFORMANCE in the professional practice gaps listed above? [10-3.20]	(1) 10.00%	(0)	(5) 50.00%	(4) 40.00%

2. Please elaborate on your previous answers. (4)

This was a wonderful, multidisciplinary, symposium and an up to date experience

Great CE and it was helpful in practice

I have worked in medical oncology for 12 years and have practiced alongside a neuro-oncologist since 2009. None of the information presented was new to me.

Well done symposium with excellent though leaders

3. Please evaluate the effectiveness of the following speakers in improving your knowledge, competence and/or performance. (Poor = 1, Excellent = 4)

	Poor	Fair	Good	Excellent
Eric Burton, M.D. [10-3.60]	(0)	(1) 10.00%	(2) 20.00%	(7) 70.00%
Raymond Sawaya, M.D. [10-3.80]	(0)	(0)	(2) 20.00%	(8) 80.00%
Shiao Woo, M.D. [10-3.20]	(0)	(3) 30.00%	(2) 20.00%	(5) 50.00%
Michael Prados, M.D. [10-3.70]	(0)	(0)	(3) 30.00%	(7) 70.00%
Ken Aldape, M.D. [10-3.80]	(0)	(0)	(2) 20.00%	(8) 80.00%

4. Please elaborate on your previous answers. (3)

The content and delivery were excellent

Great job

As stated above I was already aware of the information presented and it reflects current practice.

5. Please identify a change that you will implement into practice as a result of attending this educational activity (new protocols, different medications, etc.) (5)

While I am retired I often am a resource to practitioner and friends.

I attend more for personal knowledge and not for my practice.

new knowledge base for my stand point of a nurse

None

Improved knowledge on new WHO classification

6. How certain are you that you will implement this change?

(7)

Very Certain ⁽¹⁻
14.29%)

N/A ⁽³⁻
42.86%)

Certain ⁽³⁻
42.86%)

7. What topics do you want to hear more about, and what issues(s) in your practice will they address? (3)

updates on tx protocols

More about clinical trials

Optune device in GBM care

8. Were the patient recommendations based on acceptable practices in medicine?

(9)

Yes ⁽⁹⁻
100.00%)

10. Do you think the presentation was without commercial bias?

(10)

Yes ⁽¹⁰⁻
100.00%)

12. Please provide any additional comments you may have about this educational activity. (1)

great job, thanks

As one of the participants of this educational activity, we want to encourage you to implement those ideas that were appropriate to your healthcare environment.

This evaluation is confidential and no individual will be identified by this office (Continuing Medical Education and Professional Development). It will only be used for quality

improvement.

We look forward to seeing you at future University of Louisville events. Thank you very much.
