**UofL - EM2014-02 - Objectives Evaluation**

Likert Avg.  
**4.41**

Total Completed: 174

Options: Show Extended View

This activity was created to address the professional practice gaps listed below:

- Identifying ongoing modifications to treatment strategies for psoriasis.
- Identifying the various pathophysiologies of psoriasis, which includes treatment plans for appropriate patient selection, screening, and protocols for identifying comorbid conditions.
- Appraising the efficacy of biologic, other systemic and topical agents in the treatment of psoriasis and biologics for psoriatic arthritis.

1. Please respond regarding how much you agree or disagree that the gaps listed above were met.

Participating in this educational activity changed your KNOWLEDGE in the professional practice gaps listed above.

(1=Disagree,5=Agree)

Sample	Mean	Graph	Std. Dev.
All Respondents	4.471		± 0.844
Response	Count	Graph	Percent †
1=Disagree	4		2%
2	1		< 1%
3	13		7%

4	47		27%
5=Agree	109		63%
<b>Total Responses:</b>	<b>174</b>	<a href="#">Respondent Details</a> <a href="#">Trend Analysis</a>	

Participating in this educational activity changed your **COMPETENCE** in the professional practice gaps listed above.  
(1=Disagree,5=Agree)

Sample	Mean	Graph	Std. Dev.
All Respondents	4.402		± 0.839
Response	Count	Graph	Percent †
1=Disagree	4		2%
2	1		< 1%
3	13		7%
4	59		34%
5=Agree	97		56%
<b>Total Responses:</b>	<b>174</b>	<a href="#">Respondent Details</a> <a href="#">Trend Analysis</a>	

Do you feel participating in this educational activity will change your **PERFORMANCE** in the professional practice gaps listed above?  
(1=Disagree,5=Agree)

Sample	Mean	Graph	Std. Dev.
All Respondents	4.345		± 0.871
Response	Count	Graph	Percent †
1=Disagree	4		2%
2	2		1%
3	16		9%

4	60		34%
5=Agree	92		53%
<b>Total Responses:</b>	<b>174</b>	<a href="#">Respondent Details</a>	<a href="#">Trend Analysis</a>

2. Please elaborate on your previous answers.

Response	Count	Graph	Percent †
Open-ended Text Responses ( <a href="#">View Responses</a> )	53		100%
<i>Non-Responders:</i>	121		

#### Legend

##### percent question responses

Proportion of a specific response ( $Qa$ ) to the sum of all responses provided for that question ( $Qt$ ).

$percent\ of\ total\ question\ responses = Qa / Qt$

(Example: X% of all responses to question Y were "A".)

† Percentages are calculated in three different ways. Click on the "Show Extended View" option at the top of the report to display the additional calculations. In cases where a question is required and only one response is allowed, all three percentages will be equal. The difference between the three calculations is most notable in a choose-all-that-apply question type that is optional.

Non-Responders:	172		

8. Please provide any additional comments you may have about this educational activity.

Response	Count	Graph	Percent †
Open-ended Text Responses (View Responses)	30		100%
Non-Responders:	144		

As one of the participants of this educational activity, we want to encourage you to implement those ideas that were appropriate to your healthcare environment. We look forward to seeing you at future University of Louisville events. Thank you very much.

#### Legend

##### percent question responses

Proportion of a specific response ( $Qa$ ) to the sum of all responses provided for that question ( $Qt$ ).

$percent\ of\ total\ question\ responses = Qa / Qt$

(Example: X% of all responses to question Y were "A".)

† Percentages are calculated in three different ways. Click on the "Show Extended View" option at the top of the report to display the additional calculations. In cases where a question is required and only one response is allowed, all three percentages will be equal. The difference between the three calculations is most notable in a choose-all-that-apply question type that is optional.
