

University of Louisville Dermatology Spring Meeting 4/21/2017

This activity was created to address the professional practice gaps listed below:

- Managing and reporting sharps injuries that occur during practice.
- Treating patients with therapies that are based upon the highest level of scientific evidence.

1. Please respond regarding how much you agree or disagree that the gaps listed above were addressed.

	Disagree		Agree	
Participating in this educational activity changed your KNOWLEDGE in the professional practice gaps listed above. [18-3.89]	(0)	(0)	(2) 11.11%	(16) 88.89%
Participating in this educational activity changed your COMPETENCE in the professional practice gaps listed above. [18-3.89]	(0)	(0)	(2) 11.11%	(16) 88.89%
Do you feel participating in this educational activity will change your PERFORMANCE in the professional practice gaps listed above? [18-3.78]	(0)	(0)	(4) 22.22%	(14) 77.78%

2. Please elaborate on your previous answers. (4)

More care taken managing sharps use and disposal.

More aware of genetic conditions

Better evaluation of patients with syndromes discussed in the conference

Will now have PEP for suspected HIV closure in office from now on so that exposures may be treated within a matter of hrs

3. Please evaluate the effectiveness of the following speakers in improving your knowledge, competence and/or performance. (Poor = 1, Excellent = 4)

	Poor	Fair	Good	Excellent
Jeffrey P. Callen, MD [18-3.89]	(0)	(0)	(2) 11.11%	(16) 88.89%
Stanley J. Miller, MD [17-3.88]	(0)	(0)	(2) 11.76%	(15) 88.24%

4. Please elaborate on your previous answers. (4)

very interesting

Well presented

Good patients and discussion

Great job by both moderator and guest lecturer

5. Please identify a change that you will implement into practice as a result of attending this educational activity (new protocols, different medications, etc.) (10)

More care managing sharps use and disposal

change handling of injuries

better understanding of MOC

Explore more thoroughly skin findings of genetic diseases.

start earlier in the day

More intensive evaluation

Consultation with other physicians with regards to associated diseases with regards to syndromes discussed

Follow current PEP for HIV , HBV, and HCV exposures

Prepare for a sharps injury

understanding risk of transmission from a needle stick

6. How certain are you that you will implement this change?

(13)

Very Certain ⁽⁷⁻
53.85%)

Certain ⁽⁵⁻
38.46%)

Will not implement ⁽¹⁻
7.69%)

7. What topics do you want to hear more about, and what issues(s) in your practice will they address? (6)

Complex medical dermatology

pediatric dermatology

great job

Medical dermatology

melanoma update

Melanoma and genetic testing

8. Were the patient recommendations based on acceptable practices in medicine?

(16)

Yes ⁽¹⁶⁻
100.00%)

10. Do you think the presentation was without commercial bias?

(16)

Yes ⁽¹⁶⁻
100.00%)

As one of the participants of this educational activity, we want to encourage you to

implement those ideas that were appropriate to your healthcare environment.

This evaluation is confidential and no individual will be identified by this office (Continuing Medical Education and Professional Development). It will only be used for quality improvement.

We look forward to seeing you at future University of Louisville events. Thank you very much.
