## Geriatric Medicine Fellowship

# University of Louisville Geriatric Medicine Fellowship

## OUR GOAL

The purpose of the Geriatric Medicine Fellowship is to prepare graduates of Family Medicine and Internal Medicine training programs to become competent geriatricians, whether in academic medical centers or in the community setting. The individual is mentored as they transition from recent graduate status to consulting geriatrician.

Our curriculum provides a supervised, in-depth experience that allows the Fellow to acquire the skills needed to become a skilled geriatrician.

## ROTATION ASSIGNMENTS

- ⇒ 3 Months Hospital Service
- ⇒ 2 Months Nursing home
- ⇒ 2 Months Home-Based Palliative Care at the VA Medical Center
- ⇒ 2 Months Hospice/Palliative Care at the VA Medical Center
- ⇒ 1 Month Rehab
- ⇒ 2 Months are Electives

## BENEFITS

- ⇒ Each fellow is allowed four weeks of vacation
- ⇒ Malpractice and health insurance
- ⇒ Membership with American Geriatric Society Membership and American Medical Directors Association
- ⇒ CME Time and funds to attend meetings
