Geriatric Medicine Fellowship

University of Louisville
Department of Family and Geriatric Medicine

The Geriatric Medicine Fellowship Training Program at the University Of Louisville School Of Medicine is a 12 month program accredited by the ACGME. The purpose of the Geriatric Medicine Fellowship is to prepare graduates of Family Practice and Internal Medicine training programs to become competent geriatricians, whether in academic medical centers or in the community setting. The individual is mentored as they transition from recent graduate status to consulting geriatrician. Our curriculum provides a supervised, in-depth experience that allows the fellow to acquire the skills needed to become a skilled geriatrician.

Requirements to apply:

- Applicants must have successfully completed an ACGME accredited Family Medicine or Internal Medicine Residency in the US or Canada.
- Applicants must be a U.S. Citizen, have permanent residency status in the U.S. or be eligible for a J-1 Visa.

Laura Morton, MD
Program Director
