Inclusion Excellence – Faye Jones

- Research!Louisville is next week https://louisville.edu/researchlouisville/r-l-2022-brochure/research-louisville-brochure/at_download/file; there are 4 or 5 slots left for the three 2-hour sessions; several sessions being conducted by outside experts; invited outside speaker will give the keynote address on “Closing the Gaps in Cancer Health Equity” on Friday; all encouraged to participate as schedules allow; Jan Sullivan noted judges were still needed if interested
- On November 4, 2022, several of our faculty will be presenting at the Annual Pediatric & Behavioral & Mental Health Symposium; several excellent topics presented and there will be panel discussion; no cost, encouraged faculty to sign-up

Research

- Lu Cai gave an overview of the Pediatric Research Institute (PRI) and the work they are doing, showing prominence they bring to UofL and NHC – see slides
- Jan Sullivan made multiple announcements – see slides
 - Please submit all research proposals through the NCRI that involve collaborations with other sites, state, CHF, etc.
 - SPRC (Scientific Protocol Review Committee) will have its first meeting in October
 - Research!Louisville is Sept 16 – 23 with posters, workshops, and speakers, the keynote 9/23 @ 1pm
 - Upcoming PIRATs ScholarSHIP conferences: Sept 19 - Drs. Jennifer Porter & Shanna Barton, Oct 1- Dr. Amy Lemke, Nov 14 - Drs. Sara Watson & Debbie Davis

Use of this information is for internal UofL Department of Pediatrics' audiences.

- Watch email for information on the PIRATs Workshop Series 2023 on manuscript preparation, peer review process, and responding to reviewer comments; there will be three interactive workshops, 1.5 hours each, Jan – Mar
- EndNote training workshops are available through the library at no cost
- PAS 2023 calling for scientific sessions, volunteers & workshops
- Congrats to Dr. Klint Schwenk and colleagues on receipt of the Outstanding Pediatric Poster at the Heartland Hospital Medicine Conference in August for “Not Your Average Spider Bite: A Case of Complicated Loxoscelism”
- Congrats to Dr. Katie Weakley and colleagues on receipt of the IDWeek Trainee Abstract Travel Award for “Clinical Features and Long-Term Follow-up of Children Evaluated for persistent Unwellness Following Acute COVID-19”
- Please self-report your summer/fall meeting abstracts or accomplishments; full list will be shared in Oct
- Kyle Brothers spoke on Access to Services
 - An email will be sent to faculty this week regarding access to services, please continue to provide feedback
 - IRB must review all case reports, will be providing detailed instructions to all, if you have cases now, please hold for the instructions
 - Receiving many requests for retrospective chart reviews, they want to do, may be slower due to high volume, will let you know when to expect response
 - Have received more requests than anticipated however, they are excited and happy to help everyone and planning to grow to meet the need

Clinical - Jenn Evans

- Reminder, risk management training, due Friday, September 16; overall we are at 53% completion; risk management is under a different platform, supposed to take around 5 hours and rolled out in January to be done as one hour a month; compliance is a separate platform; it was noted there was some confusion around this and difficulty logging on if not on a Norton computer; Dr. Evans

Division Wins - Gary Marshall

- Dr. Marshall presented Pediatric Infectious Diseases Division wins, most revolved around their COVID Response – see slides
