# Congratulations

***Pediatric Kidney Transplant Program recently had an UNOS site visit and the review was closed without any action!***

Also, their 1-year and 3-year renal transplant survival rates continue to remain 100% since last 5 years (as of today) but this would not be possible without diligent efforts from our multidisciplinary transplant team.

***Sid Shah, MD*** would like to thank his transplant team including Cassie Blandford, the transplant manager who helped them go through this review.

# Congratulations!

**Katelyn Rossow, MD**

Dr. Rossow has been nominated to participate in the  
American Pediatric Society (APS)  
Society for Pediatric Research (SPR)  
Journeys & Frontiers in Pediatric Research Program  
for 2022-2023

# Congratulations!
