** Your signature above signifies that you agree to comply with University of Louisville Procurement Card Policy. The University and its affiliated and related corporations recognize entertainment is a legitimate operational expense as long as it is related to the University's or the corporation's strategic mission. For authorization of expenses related to entertainment, the business purpose supporting the detailed entertainment transaction (including expenditures with the University Club) must be documented and approved by the employee's Director, Department Chair, Dean, Vice President, Provost or President. In situations of group entertainment expenses, a supervisor may not approve the charges of a subordinate if the supervisor was included in the group. The transaction should be approved by the highest level supervisor who was not included in the group.
