

JAMES C. REED, M.D., F.A.C.R.

530 South Jackson Street

Louisville, KY 40202

(502) 852-5875 office

(502) 852-1754 fax

jcreed04@louisville.edu

EDUCATION

1964 B.S. Degree, Florida Southern College, Lakeland, FL
1968 M.D., University of Miami School of Medicine, Miami, FL
1969 Internship, St. Albans Naval Hospital, New York, NY
1972 Diagnostic Radiology Residency, U.S. Naval Hospital, San Diego, CA

ACADEMIC APPOINTMENTS

10/1975 - 7/1976 Associate Professor of Radiology
Director, Radiologic-Pathologic Teaching Laboratory
University of North Carolina School of Medicine
Chapel Hill, NC

7/1976 – 7/1979 Associate Professor
Department of Radiology
Duke University Medical Center
Durham, NC

7/1987 – 7/1993 Associate Professor
Department of Radiology
Assistant Section Head/Director, Outpatient Radiology
Wake Forest University Bowman Gray School of Medicine
Winston-Salem, NC

7/1993 – 2001 Professor and Chairman
Department of Diagnostic Radiology
University of Kentucky College of Medicine
Lexington, KY

2/2001 – 2002 Professor
Department of Diagnostic Radiology
University of Kentucky College of Medicine, Lexington, KY

5/2002 to Present Professor
Department of Radiology
University of Louisville
Louisville, KY

1/2016 to Present Acting Chairman

Department of Radiology
University of Louisville
Louisville, KY

Adjunct Faculty:

7/1974 – 2/1987 Clinical Assistant Professor of Radiology
Georgetown University School of Medicine
Washington, D.C.

7/1980 -2/1987 Clinical Associate Professor of Radiology
Duke University
Durham, NC

OTHER POSITIONS AND EMPLOYMENT

1972-75 Associate Radiologist, Armed Forces Institute of Pathology, Radiologic Pathology Branch,
Washington, D.C.

1974-75 Chief, Division of Diagnostic Radiologic Pathology and Thoracic Radiologic Branch, Armed
Forces Institute of Pathology, Washington, D.C.

1979-87 Coastal Radiological Associates Practice: Craven County Hospital
New Bern, North Carolina

1979-87 Carteret General Hospital
Morehead City, North Carolina

CERTIFICATION AND LICENSURE

2012-13 Kentucky Medical License
1973 American Board of Radiology
1999-2019 NIOSH – B-Reader Certification

PROFESSIONAL MEMBERSHIPS AND ACTIVITIES

1972 – Present Radiological Society of North America
1973 – Present American College of Radiology
1974 – 2002 American Medical Association
1975 – 1993 North Carolina Chapter ACR
1979 – 1993 North Carolina Medical Society
1982 – Present Society of Thoracic Radiology (founding member)
1990 – Present American Roentgen Ray Society
1993 – 2002 Association of University Radiologists
1993 – Present Kentucky Medical Association
1993 – Present Kentucky Chapter American College of Radiology-Member

- 1993 – 2001 - Society of Chairmen of Academic Radiology Departments (SCARD)
- 1994 – 2002 - Society of Breast Imaging

Alternate Councilor, 1995 - 2000
Secretary-Treasurer, 1997 - 2000
President-elect, 1999

President, 2000 - 2002
 ACR Councilor, 1st Term, 2000 – 2002
 ACR Councilor, 2nd Term, 2003 - 2005
 Alternate Councilor, 2006-2007
 ACR Councilor, 3rd term, 2008 - 2010
 ACR Councilor 4th term, 2011 - 2013
 2002- 2013 Greater Louisville Radiology Society
 2003 – 2010, President

HONORS AND AWARDS

1972-75 Certificate of Distinguished Service, The Armed Forces Institute of Pathology, Washington D.C.
 1975 Joint Service Commendation Medal for Distinguished Service as Chief of Diagnostic Radiologic Pathology and Acting Chairman, Department of Radiologic Pathology, Armed Forces Institute of Pathology, Washington D.C.
 1989 James L. Quinn III, M.D. Award for Teaching Excellence, Department of Radiology, Bowman Gray School of Medicine, Winston-Salem, NC
 1991 Gold Medal Award for Scientific Exhibit, American Roentgen Ray Society
 1992 Second Place Award Poster Session, Association of University Radiologists
 1992 Certificate of Merit for Scientific Exhibit, Radiological Society of North America
 1994 Certificate of Merit/Appreciation, Radiological Society of North America, State of the Art Exhibit on Chest Radiology
 1995 Fellow, American College of Radiology
 2001 Distinguished Alumni Award, University of Miami School of Medicine
 2016 Harvy L. Snider Teaching Award, The Pulmonary, Critical Care, and Sleep Division of the Department of Medicine University of Louisville School of Medicine

COMMITTEE ASSIGNMENTS AND ADMINISTRATIVES SERVICES

1975-77 Learning Laboratory, American College of Radiology
 1977-79 Second Year Curriculum Committee, Duke University
 1977-79 Inter-term Committee, Duke University (introduction to clinical medicine course at end of first year curriculum)
 1988-93 Resident Selection Committee, Department of Radiology, Bowman Gray School of Medicine
 1989-93 Membership Committee, Society of Thoracic Radiology
 1991-96 Scientific Exhibits Committee, Radiological Society of North America
 1992-96 Chest Syllabus V Committee, American College of Radiology

1993-98	Scientific Exhibits Committee, American Roentgen Ray Society
1994-98	Telemedicine Committee, University of Kentucky College of Medicine
1996-99	Group Practice Governing Council, Chair, Committee for Hospital Clinical Operations, University of Kentucky College of Medicine
1998-2001	Society of Thoracic Radiology Rules Committee
1998-99	University of Kentucky Medical Center, Gill Heart Institute Steering Committee
2003–Present	American College of Radiology Managed Care Committee
2004-Present	University of Louisville Hospital Credentials Committee
2010-Present	Quality Sub-Committee: Medical Necessity, Chair, University of Louisville Department of Radiology
2010-Present	Quality Sub-Committee: Workflow/Turn-Around Time/Referring Physician Satisfaction, University of Louisville Department of Radiology
2016-Present	University of Louisville Physicians (ULP) board of directors
2016-Present	Chairman ULP Compliance Committee
2017-Present	ULP Compensation Committee

EDUCATIONAL ACTIVITIES

VISITING PROFESSORSHIPS:

1. Case unknown seminar on chest lesions, with Radiology Residents; Differential diagnosis of thoracic foregut cysts; Analysis of bone lesions; neoplasm versus pseudoneoplasm; Fundamental patterns in chest radiology; from nodules to masses. For the joint Duke-UNC Radiology Conference, University of North Carolina, Chapel Hill, NC, October 22-23, 1974.
2. Nodules and masses in the lung. Vanderbilt University, Nashville, TN, April, 1976.
3. Acute pulmonary infections; Conventional chest tomography; Plain film findings of pulmonary embolism; Posterior mediastinal masses; Environmental diseases. Department of Radiology, UCLA Center for the Health Sciences, May 29-June 8, 1979.
4. Conventional chest tomography; Acute pulmonary infectious diseases. University of Kentucky and Lecturer for the Bluegrass Radiological Society, March 20, 1980.
5. Pulmonary infectious diseases. Medical College of Virginia and Lecturer for the Richmond Radiological Society, May 15, 1980.
6. Posterior mediastinal masses. Department of Radiology, George Washington University, October, 1981.
7. Radiologic problem cases in pulmonary diagnosis. Department of Radiology, George Washington University, September, 1982.

8. Pulmonary vascular diseases; Acute pulmonary infectious diseases. Department of Radiology, University of Vermont, September 21, 1983.
9. Acute pulmonary infectious diseases; Posterior mediastinal masses. Department of Radiology, University of Texas and Brooke Army Medical Center, Fort Sam Houston, TX, February 21-22, 1985.
10. Five patterns of diffuse pulmonary disease; Complications of pulmonary infections. Department of Radiology, George Washington University, Washington, DC, March 29, 1988.
11. Middle and posterior mediastinal Lesions; Complications of pulmonary infections; Diffuse pulmonary disease: airspace patterns; Diffuse pulmonary disease; interstitial patterns. Department of Radiology, University of Arkansas, Little Rock, AR, January 11-12, 1989.
12. Pneumonias and their complications; Diffuse Pulmonary diseases. University of Texas, San Antonio, Brooke Army Medical Center, and Wilford Hall USAF Medical Center, San Antonio, TX, September 6-7, 1990.
13. Acute pneumonias and their complications. Department of Radiology, University of Alabama, Birmingham, AL, September 26, 1990.
14. Diffuse pulmonary diseases. Parts I and II; Differential Diagnosis of Mediastinal Masses: Parts I and II; Unknown case seminar. Birmingham Baptist Hospital, Birmingham, AL, September 27-28, 1990.
15. Complications of acute pneumonia; Patterns of diffuse pulmonary disease, Parts I and II; Mediastinal lesions; plain film, CT, MR correlations. Department of Radiology, Loyola University Chicago, Maywood, IL, April 29-30, 1992.
16. Necrotizing pneumonias; Mediastinal lesions; Plain film, CT and MR correlations; Chest Radiology Review; Case Seminar. The Western Pennsylvania Hospital, Pittsburgh, PA, February 23-24, 1994.
17. Lung Cancer Staging: The Basics; Mediastinal lesions; Plain film, CT and MR Correlations, University of Cincinnati, Cincinnati, OH, September 12-13, 1994.
18. Mediastinal Lesions: Plain film, CT, MR Correlations. Charles Nice Lecture, Tulane University, New Orleans, LA, May 3, 1995.
19. Lung Cancer Staging: Necrotizing pneumonias; Imaging paraspinal lesions; University of Virginia Health Sciences Center, Charlottesville, VA, March 20, 1997.
20. Diffuse Lung Disease; Plain film and CT Correlations; Mediastinal versus Paramediastinal Abnormalities. University of Texas Health Sciences Center, San Antonio Medical Center, San Antonio, TX, September 29, 1997.
21. Diffuse Lung Disease: Plain Film and CT Correlation. Vanderbilt University Medical Center, Nashville, TN, October 7, 1997.
22. Diffuse Lung Disease; Mediastinal Contours; University of Florida Health Sciences Center, College of Medicine, Gainesville, FL, February 23-24, 1998.
23. Mediastinal Contours. University of Louisville, KY, April 15, 1998.

24. Mediastinal and Paramediastinal Abnormalities; Lung Cancer Staging. College of Human Medicine, Michigan State University, November 10, 1998.
25. Interesting Cases; Board Review for Residents; Department of Diagnostic Radiology, University of Louisville School of Medicine, March 31, 1999.
26. Indications for High Resolution CT of the Lungs; Analysis of Mediastinal Contours. University of Medicine & Dentistry of New Jersey, Newark, NJ, March 2, 2000.
27. Tripler Army Medical Center, Honolulu, HI:
Plain Film Patterns of Diffuse Lung Disease: Airspace Disease, 1/16/01.
Plain Film Patterns of Diffuse Lung Disease: Interstitial Disease, 1/17/01.
Analysis of Mediastinal Contours, 1/17/01.
Lung Cancer Detection and Evaluation, 1/17/01.
Radiologic Evaluations of Pneumonias 1/18/01.
Differential Diagnosis of Granulomatous Diseases, 1/18/01.
Board Review – Chest Radiology, 1/18/01
28. Wake Forest University, Winston-Salem, NC:
Diffuse Lung Disease, April 19, 2001
29. The University of South Alabama, Mobile, AL:
Lung Cancer Detection and Evaluation, 5/2/01.
Evaluation of Diffuse Pulmonary Disease, 5/21/01.
Analysis of Mediastinal Contours, 5/22/01.
Chest Radiology Board Review, 5/22/01.
29. The University of Louisville, Louisville, KY:
Lung Cancer: Detection and Evaluation. May 23, 2001
31. The University of Miami School of Medicine, Miami, FL:
Lung Cancer Detection and Evaluation, 6/14/01.
Plain Film Patterns of Diffuse Lung Disease, 6/15/01.
Analysis of Mediastinal Contours, 6/16/01. Invited as the Robert Shapiro Lecturer.
32. Medical University of South Carolina, Charleston, SC:
The Radiology of Chest Trauma, October 10, 2003
33. UMDNJ-New Jersey Medical School, Newark, NJ:
Diffuse Pulmonary Disease: Acute versus Chronic;
The Radiology of Thoracic Trauma, October 28, 2004
34. The University of Vermont, Burlington, VT:
Diffuse Pulmonary Disease: Acute versus Chronic
The Radiology of Thoracic Trauma, November 2, 2004
35. Tripler Army Medical Center, Honolulu, HI:
Chest Film Analysis: Parts I and II, 4/25/2005
Analysis of Mediastinal Contours, 4/26/2005
Lung Cancer: Current Issues, 4/26/2005

Thoracic Trauma, 4/27/2005
ICU Radiography, 4/27/2005
Mock Boards, 4/27/2005
Diffuse Lung Diseases, 4/28/2005
Infectious Granulomatous Diseases, 4/28/2005
Chest and Cardiac: Unknown Cases: Parts I and II, 4/29/2005

36. Indiana University School of Medicine
Granulomatous Infections, 1/31/2012
Chest Radiology Case Review, 1/31/2012
Non-granulomatous pulmonary infections, 1/31/2012

37. Dalhousie University, Halifax, Nova Scotia, Canada 10/17/2014
Chest Radiology: Case Review

GRANTS

Theros EG, Reed JC, Olmsted WW, Madewell JE, White DC. Radiologic Oncologic Teaching Materials Development. National Cancer Institute Research Grant (CA15413-02, 1974-1975. (Funded).

EDITORIAL WORK

- 1989 – 1991 Associate Editor, Yearbook, Diagnostic Radiology.
- 1992 Reed JC. Invited commentary (regarding Corcoran HL, Renner WR, Milstein MJ. Review of High resolution CT of the lung). RadioGraphics 1992; 12:940-941.
- 1990 - 1996 Editorial Board, Radiographics, Published by the Radiological Society of North America.
- 1990 – 1999 Associate Editor, Journal of Thoracic Imaging, sponsored by the Society of Thoracic Radiology and published by Aspen Publishers, Inc.
- 1993 – 1994 Reviewer, Investigative Radiology.
- 1990 – Present Reviewer, Radiographics.
- 1995 – Present Reviewer, American Journal of Roentgenology.
- 2003 Editorial Board Member, Section F, Chest. Reeder MM. Gamuts in Radiology, Comprehensive Lists of Roentgen Differential Diagnosis, 4th Edition. Springer – Verlag, New York, Inc.

EDITORIAL AND LETTERS

Reed JC. Invited commentary (regarding Corcoran HL, Renner WR, Milstein MJ. Review of High resolution CT of the lung). RadioGraphics 1992; 12:940-941.

Reed JC. Invited commentary (regarding Benson REC, Rosada-de-Christenson ML, Martinez-Jimenez S, et. al. Spectrum of pulmonary neuroendocrine proliferations and neoplasms). RadioGraphics 2013; 33:1631-1649.

OTHER SERVICE:

6/1995 Examiner, American Board of Radiology, Louisville, KY
6/1997 Examiner, American Board of Radiology, Louisville, KY
6/2003 Examiner, American Board of Radiology, Louisville, KY
6/2008 Examiner, American Board of Radiology, Louisville, KY

ABSTRACTS

1. Reed JC, Sobonya RE. Morphologic analysis of thoracic foregut cysts. Scientific paper presented by Dr. Reed at the American Roentgen Ray Society, Montreal, Canada, September 26, 1973.
2. Reed JC, Madewell JE. How specific is the air-bronchogram? A radiologic-pathologic study. Scientific paper presented by Dr. Reed at the Radiological Society of North America, Chicago, IL, December, 1974.
3. Reed JC, Kagan-Hallet K, Feigin DA. Neural tumors of the thorax: subject review from the AFIP. Scientific paper presented by Dr. Reed at the Radiological Society of North America, Chicago, IL, November 1976.
4. Smith GM, Reed JC, Choplin RH. Radiologic diagnosis of esophageal malposition of endotracheal tubes. Presented by Dr. Smith at the American Roentgen Ray Society, New Orleans, LA, May 7-12, 1989.
5. Carr JJ, Reed JC, Choplin RH, Pope TL, Jr. Experimentally induced pneumothoraces in cadavers and implications for detection in patients with portable chest radiographs. Scientific paper presented by Dr. Carr at the Radiological Society of North America, Chicago, IL, November 25-30, 1990. *Radiology* 1990; 177 (P): 231.
6. Freimanis RI, Reed JC, Choplin RH, Pope TL, Jr. Diagnostic accuracy of digital mammography system. Works-in-progress paper presented by Dr. Freimanis at the Radiological Society of North America, Chicago, IL November 25-30, 1990. *Radiology* 1990; 177 (P): 319.
7. Hanna JW, Reed JC, Choplin RH. Pleural infection : a clinical-radiologic review. Scientific exhibit presented at the Radiological Society of North America, Chicago, IL, November 15-30,1990. *Radiology* 1990; 177 (P): 360.
8. Feigin DS, Reed JC. Looking anew at pulmonary pattern recognition: the “splitters” and the “lumpers.” Refresher course presented by Drs. Feigin and Reed at the Radiological Society of North America, Chicago, IL, November 1990, 1991, 1993, 1994. *Radiology* 1990; 177 (P); 44, *Radiology* 1991; 181 (P): 57; *Radiology* 1993; 89 (P): 71; *Radiology* 1994; 193 (P): 111.
9. Carr JJ, Reed JC, Choplin RH, Pope TL Jr., Case LD. Pneumothorax: a quantitative study of screen-film and computed radiology. Scientific exhibit at the Radiological Society of North America, Chicago, IL, November 1992. *Radiology* 1992; 185 (P): 356.
10. Choplin RH, Reed JC, Pope TL, Jr., Monu JV. The many faces of aspiration into the tracheobronchial tree and lungs. Scientific exhibit presented at the Radiological Society of North America, Chicago, IL, November 1993. *Radiology* 1993; 198 (P): 437.
11. Reed JC, Choplin RH, Mayo RJ, Molina PL, Patz EF, Jr., Woodring JH. Chest radiology: state of the art. Exhibited at the Radiological Society of North America, Chicago, IL, November 1994. *Radiology* 1994; 193 (P): 398.

12. Reed JC, Feigin DS. Mediastinal and Paramediastinal Abnormalities. Presented at the Radiological Society of North America, Chicago, IL, November 1996, 1997, 1998. Radiology 1996; 201 (P): 103; Radiology 1997; 205 (P): 61; Radiology 1998; 209 (P): 122.

PRESENTATIONS

1. Reed JC. Morphologic analysis of thoracic foregut cysts. Presented at the 74th Annual Meeting of the American Roentgen Ray Society, Montreal, Canada, September 26, 1973.
2. Reed JC, Sobonya RE. Morphologic analysis of thoracic foregut cysts, in the thorax. Exhibited at the 74th Annual Meeting of the American Roentgen Ray Society, Montreal Canada, September 26, 1973.
3. Reed JC, Sobonya RE. Morphologic analysis of foregut cysts in the thorax. Exhibited at the Annual Meeting of the Association of Military Surgeons, Washington, DC, November 1973.
4. Reed JC, Sobonya RE. Morphologic analysis of foregut cysts in the thorax. Exhibited at the Annual Meeting of the American Thoracic Society, Cincinnati, OH, March 1974.
5. Reed JC. Thoracic foregut cysts – congenital versus acquired. Presented at the XIV Annual AFIP Lectures, Washington, DC, March 26, 1974.
6. Reed JC, Sobonya RE. Differential diagnosis of thoracic foregut cysts: a radiologic pathologic correlation. Presented at Pulmonary Medicine Grand Rounds, Georgetown University, Washington, DC, April 3, 1974.
7. Reed JC. Fundamental patterns in chest diagnosis: Parts I and II; Mediastinum, pleura, and chest wall; Bone pseudoneoplasia. April 20-24, July 8-12, September 16-20, 1974. Nodules and masses in the lung. September 16-20, 1974. Presented at Seminars in Diagnostic Radiology at the AFIP, Washington, DC.
8. Reed JC, Sobonya RE. Morphologic analysis of foregut cysts in the thorax Exhibited at the Annual Meeting of the American Medical Association, Chicago, IL, June, 1974.
9. Reed JC, Theros EG. Fundamental patterns in chest roentgenology: from nodules to masses. Instruction Course Faculty, American Roentgen Ray Society Annual Meeting, San Francisco, CA, September, 1974
10. Reed JC, Madewell JE. How specific is the air bronchogram? A radiologic-pathologic study. Exhibited at the Annual Meeting of the American Roentgen Ray Society, San Francisco, CA, September, 1974.
11. Reed JC. Fundamental patterns in chest diagnosis: Parts I and II; Mediastinum, pleura, and chest wall; Bone pseudoneoplasia; Nodules and masses in the lung. Presented at Seminars in Diagnostic Radiology at AFIP, Washington, DC, November 18-22, 1974.
12. Reed JC. How specific is the air-bronchogram? A radiologic-pathologic study. Exhibited at the Annual Meeting of the Radiological Society of North America, Chicago, IL, December, 1974.
13. Reed JC, Madewell JE. How specific is the air-bronchogram? A radiologic-pathologic study. Exhibited at the Annual Meeting of the Radiological Society of North America, Chicago, IL, December, 1974,

14. Reed JC. Differential diagnosis of mediastinal masses, January 8, 1975. Differential diagnosis of thoracic foregut cysts, January 15, 1975. Nodules and masses in the lung, January 22, 1975. Inhalational diseases. Presented at Washington Hospital Center, Washington, DC, January 29, 1975.
15. Reed JC. Nodules and masses in the lung. Presented at Orange Memorial Hospital, Orlando, FL. February 6, 1975.
16. Reed JC. Fundamental patterns in chest diagnosis: Parts I and II; Neoplasms and pseudoneoplasms of the mediastinum; Nodules and masses in the lung; Plain film analysis of heart disease. Presented at Seminars in Diagnostic Radiology at AFIP, Washington, DC, March 3-7, 1975.
17. Reed JC, Stocker JT, Madewell JE. Pediatric chest seminar. Presented at the XV Annual AFIP Lectures, Washington, DC, March 18, 1975.
18. Reed JC. From nodules to masses in the lung. Presented at the Columbia Medical Society Meeting, Columbia, SC, April 14, 1975.
19. Reed JC. Pathophysiologic basis of pulmonary patterns: Parts I and II; Nodules and masses in the lung; Neoplasms and pseudoneoplasms of the mediastinum; Plain film analysis of heart disease. Presented at Seminars in Diagnostic Radiology at AFIP, Washington, DC, May 5-9 and July 7-11, 1975.
20. Reed JC. Nodules and masses in the lung. Presented at Washington Hospital Center Medical Lecture Series, Washington, DC, September 16, 1975.
21. Reed JC. Pathophysiologic basis of pulmonary patterns: Parts I and II; Nodules and masses in the lung; Neoplasms and Pseudoneoplasms of the mediastinum; Seminar in Chest Radiology. Presented at Seminars in Diagnostic Radiology at AFIP, Washington DC, September, 1975.
22. Reed JC. Pathologic correlation of pulmonary sarcoid reactions. Presented at Washington Hospital Medical Center Medical Lecture Series, Washington Dc, March, 1976.
23. Reed JC. Radiology and imaging of the chest. Course Director, Spring Symposium, University of North Carolina, Chapel Hill, NC, April 2-4, 1976.
24. Reed JC. Nodules and masses in the lung. Guest Lecturer UNC AHEC at Eastern North Carolina Hospital, Wilson, NC, October 20, 1976.
25. Reed JC. Neural tumors of the thorax: A radiologic-histologic study. Presented at the Annual Meeting of the Radiological Society of North America, Chicago, IL, November, 1976.
26. Reed JC. Similarities and differences in inflammatory, neoplastic and other lesions of bones and joints. Presented at the Duke University tutorial Postgraduate Course. Radiology of Bones and Joints, March 28-April 1, 1977.
27. Reed JC. A practical approach to chest tomography; Pathologic correlation of environmental diseases; Pathologic correlation of the evolving patterns of pulmonary nodules. Presented at the Duke University Radiology Post graduate Course, South Hampton Princess, Bermuda, October 24-28, 1977.

28. Reed JC. Solving problems with conventional chest tomography. Presented at the Bowman Gray School of Medicine Department of Radiology/ North-Carolina Baptist Hospital Third Annual Radiology Update, March 18-19, 1978.
29. Reed JC. Pulmonary neoplasms. Presented at Duke University, Department of Radiology, 6th Annual Tutorial Postgraduate Course – The Radiology of Neoplastic Diseases, April 3-7, 1978.
30. Reed JC. Solving problems with conventional chest tomography. Presented at the Fifth Annual George H. Paff Medical Alumni Seminar, University of Miami School of Medicine, June 23-25, 1978.
31. Reed JC. Tomographic evaluation of the trachea and bronchi; Plain film findings of pulmonary embolus. Presented at the Duke University, Department of Radiology, Postgraduate Course, Atlantic Beach, NC, July 31-August 5, 1978.
32. Reed JC. Radiologic evaluation of acute pneumonias. Presented at the Categorical Chest Course, Radiological Society of North America, Chicago, IL, November, 1978.
33. Reed JC. The evolving patterns of pulmonary nodules; Differential diagnostic features of posterior mediastinal masses. Presented at the Radiologic Alumni Course, AFIP, Deerfield Beach, FL, March 1-4, 1979.
34. Reed JC. Radiology of the chest: inflammatory diseases. Presented at Duke University, Department of Radiology, 7th Annual Tutorial Postgraduate Course, April 2-6, 1979.
35. Reed JC. Acute and chronic pneumonias. Refresher Course Faculty, Radiological Society of North America, Atlanta, GA, November, 1979.
36. Reed JC. Pathologic correlation of environmental diseases; Radiologic-pathologic correlation of circumscribed lucencies of the lung. Presented at the Radiologic Alumni of AFIP Course, Orlando, FL, February 28-March 1, 1980.
37. Reed JC. Pulmonary infectious diseases; Update 80, Refresher Course Faculty, Radiological Society of North America, Dallas, TX, November, 1980.
38. Reed JC. Conventional Chest tomography; Pulmonary infections in the compromised host; The radiology of chronic infectious pulmonary diseases; Viral, mycoplasma and legionnaires pneumonias. Presented at Medical College of Virginia, 17th Annual Radiology Postgraduate Course, March 1-5, 1981.
39. Reed JC. Posterior mediastinal masses; Radiologic-pathologic correlation of acute pulmonary infections. Presented at the Radiologic Alumni of AFIP, 3rd Annual Meeting, Orlando, FL, March 12-15, 1981.
40. Reed JC. Seminars in Pulmonary Disease. Presented at the Armed Forces Institute of Pathology, September 12-15, 1981.
41. Reed JC. Acute pulmonary infectious diseases. Guest Lecture, DC Chapter of the American College of Radiology, October, 1981.

42. Reed JC. Pulmonary infectious diseases: Update 81. Refresher Faculty, Radiological Society of North America, Chicago, IL, November, 1981.
43. Reed JC. Acute pulmonary infectious diseases; Chronic pulmonary infections. Radiologic Pathologic Concepts in Diagnostic Radiology, Innsbrook, FL, March, 1982.
44. Reed JC. Seminars in Pulmonary Disease. Presented at the Armed Forces Institute of Pathology, Washington, DC, September, 1982.
45. Reed JC. Imaging problems in the emergency room. Emergency Medicine Symposium presented by Craven-Pamlico-Jones Medical Society, New Bern, NC, April 21, 1982.
46. Reed JC. Pulmonary infectious diseases; Update 82. Refresher Course Faculty, Radiological Society of North America, Chicago, IL, December 1, 1982.
47. Reed JC. Pulmonary vascular diseases; Seminar: chest cases. Radiologic-Pathologic Concepts in Diagnostic Radiology, Lake Buena Vista, FL, February 10-13, 1983.
48. Reed JC. Pulmonary infectious disease: Update parts I, II and III; Diagnostic film-reading panel. Presented at the Rocky Mountain Radiological Society, Denver, CO, August 17-19, 1983.
49. Reed JC. Pulmonary infectious diseases: Update. Refresher Course Faculty, Radiological Society of North America, Chicago, IL, November 15, 1983.
50. Reed JC. Pathologic correlation of acute pulmonary infections; Pathologic correlation of pulmonary vascular disease. Radiologic-Pathologic Concepts in Diagnostic Radiology, Lake Buena Vista, FL, March, 1984.
51. Reed JC. Pathologic correlation of acute pulmonary infections; Pathologic correlation of pulmonary vascular diseases. Presented at the North Carolina Chapter: American College of Radiology Spring Refresher Course, Chapel Hill, NC, May 18-20, 1984.
52. Reed JC. Seminars in Pulmonary Disease. Presented at the Armed Forces Institute of Pathology, Washington DC, September 27, 1984.
53. Reed JC. Pulmonary infectious diseases: Update. Refresher Course Faculty, Radiological Society of North America, Washington DC, November 27, 1984.
54. Reed JC. Five patterns of diffuse pulmonary disease; Posterior mediastinal masses. Radiologic-Pathologic Concepts in Diagnostic Radiology, Lake Buena Vista, FL, March, 1985.
55. Reed JC. Pulmonary infections update: acute pneumonia in the compromised host; Pulmonary infections update: Granulomatous pneumonitis. Radiologic-Pathologic Concepts in Diagnostic Radiology, Lake Buena Vista, FL, February, 1986.
56. Reed JC. Seminars in Pulmonary and Mediastinal Diagnosis. Presented at the Armed Forces Institute of Pathology, Washington DC, October 6-9, 1986.

57. Reed JC. Acute pulmonary infectious diseases; Chronic pulmonary infectious diseases. Course Director, Radiologic Pathologic Concepts in Diagnostic Radiology, Lake Buena Vista, FL, February 19-22, 1987.
58. Reed JC. Chest radiology: overview. Presented at the North Carolina Chapter American College of Radiology Fall Refresher Course, Winston-Salem, NC, October 23-25, 1987.
59. Reed JC. Complications of pulmonary infections. Presented at The Society of Thoracic Radiology, Washington DC, March 28, 1988.
60. Reed JC. Imaging complications of pulmonary infection, Pulmonary vascular diseases. Presented at the New Horizons in Radiologic Imaging Meeting, sponsored by the Bowman Gray School of Medicine, Myrtle Beach, SC, June 24, 1988.
61. Reed JC. Chest film analysis; Complications of pulmonary infections; Case presentation, and panel discussion. Presented at the Dr. Douglas David 20th Annual Pulmonary Symposium, Jewish Hospital Heart and Lung Institute, Louisville, KY, November 16-17, 1988.
62. Theros EG, Hartman DS, Moser RP, Reed JC. The AFIP approach to the analysis of images: an experience spanning over 40 years. Refresher Course Faculty, Radiological Society of North America, Chicago, IL, November 30, 1988.
63. Reed JC. Complications of pulmonary infections, and Cases of the day: Bronchogenic cyst and leiomyoma of the esophagus. Presented at the Society of Thoracic Radiology, San Diego, CA, March 5-6, 1989.
64. Smith GM, Reed JC, Choplin RH. Radiologic diagnosis of esophageal malposition of endotracheal tubes. Presented by Dr. Reed at the Society of Thoracic Radiology, San Diego, CA, March 5-6, 1989.
65. Reed JC. Diagnosis of complicated pulmonary infections. Course Director, A Salute to Lee Theros, M.D.: Chest Radiology Present and Future, Winston-Salem, NC, September 28-29, 1989.
66. Reed JC. Diagnosis of complicated pulmonary infections, and the wide mediastinum. Presented at the Middle Tennessee Radiological Society, Nashville, TN, October 2, 1989.
67. Reed JC. Patterns of diffuse pulmonary disease: Finding some specific clues; Radiological approach to middle and posterior mediastinal lesions. Radiological Society of North America, sponsored speaker for the Southern Medical Association 83rd Annual Scientific Assembly, Washington DC, November 6, 1989.
68. Reed JC. Cases of the day: Metastatic bronchial carcinoid and staphylococcal septic emboli. Moderator, Pulmonary imaging: New concepts and new techniques. Society of Thoracic Radiology, Naples, FL, January 7-11, 1990.
69. Reed JC. Abnormalities of the middle and posterior mediastinum; Diagnosis and management of complicated pulmonary infections; Plain film patterns of diffuse pulmonary disease. Presented at the Bowman Gray School of Medicine Winter Continuing Education Course, St. Thomas, Virgin Islands, January 28-February 2, 1990.

70. Reed JC. Diagnosis of complicated pulmonary infections. Presented at the 22nd International Diagnostic Course in Davos, Switzerland, March 31-April 6, 1990.
71. Hanna JW, Reed JC, Choplin RH. Pleural Infections: A clinical-radiologic review. Exhibited at the American Roentgen Ray Society Annual Meeting, Washington DC, May 13-18, 1990
72. Choplin RH, Reed JC. Pulmonary infections and their complications. Refresher Course Faculty, American Roentgen Ray Society Annual Meeting, Washington DC, May 13-18, 1990.
73. Reed JC. The wide mediastinum. Intensive care radiology: 1990. Presented at the Bowman Gray School of Medicine Continuing Education Program, Horizons in Radiologic Imaging, Myrtle Beach, SC, June 17-22, 1990.
74. Feigin DS, Reed JC. Looking anew at pulmonary pattern recognition, the “splitters” and the “lumpers”. Refresher Course Faculty, Radiological Society of North America, Chicago, IL, November 25-30, 1990.
75. Hanna JW, Reed JC, Choplin RH. Pleural infections: a clinical-radiologic review. Exhibited at the Radiological Society of North America, Chicago, IL, November 25-30, 1990.
76. Reed JC. Malignancy staging and imaging in the chest. Presented at the North Carolina Chapter of the American College of Radiology Annual Meeting and Spring Refresher Course, Charlotte, NC, April 27-28, 1991.
77. Reed JC. Computed radiography in the ICU. Presented at the James H. Scatliff, M.D. Symposium: 25 Years of Progress in Radiology, University of North Carolina, Chapel Hill, NC, May 1-4, 1991.
78. Reed JC, Choplin RH. Thoracic infections and their complications. Instructional Course presented at the 91st Annual Meeting of the American Roentgen Ray Society, Boston, MA, May 5-10, 1991.
79. Carr JJ, Reed JC, Choplin RH, Pope TL, Jr., Case LD. Pneumothorax: a quantitative study using film screen and computed radiography. Exhibited at the American Roentgen Ray Society Annual Meeting, Boston, MA, May 5-10, 1991. (Received Gold Medal Award).
80. Reed JC. Computed radiography in the ICU. Presented in the Scanlon Memorial Symposium at the Society of the Thoracic Radiology, Toronto, Canada, May 13-17, 1991.
81. Reed JC. Diagnosis of complicated pulmonary infections. Presented at the Craven-Pamlico Jones Medical Society, New Bern, NC, September 24, 1991.
82. Feigin DS, Reed JC. Looking anew at pulmonary pattern recognition, the “splitters” and the “lumpers.” Refresher Course Faculty Radiological Society of North America, Chicago, IL, December 1-6, 1991
83. Reed JC. Granulomatous diseases of the lung. Complications of acute Pneumonias; Anterior mediastinal lesions; Middle mediastinal lesions; Posterior mediastinal lesions; Diffuse pulmonary diseases: the airspaces; Diffuse pulmonary diseases: the interstitium; Lung cancer staging; Presented at the 12th Course of Diagnostic Imaging, Mar Del Plata, Argentina, December 8-10, 1991, and at the 9th Course of Diagnostic Imaging, Sao Paulo, Brazil, December 12-11, 1991.

84. Reed JC. Diagnosis and management of complicated pulmonary infections; Computed radiography in the ICU. Presented at the "Thoracic Imaging 1992" meeting of the Society of Thoracic Radiology, Laguna Niguel, CA, January 19-23, 1992.
85. Reed JC. Mediastinal lesions: plain film, CT and MR correlations. Lung cancer diagnosis and staging. Presented at the Bowman Gray School of Medicine Continuing Education Program, Winter Radiology, St. Thomas, U.S. Virgin Islands, January 25-February 1, 1992.
86. Reed JC. Lung cancer staging; Lesions of the mediastinum: Parts I and II; Diffuse pulmonary disease: the airspaces; Diffuse pulmonary disease: the interstitium, Presented at the 26th Annual Course of the Mexican Society of Radiology and Imaging, Mexico City, Mexico, February 2-5, 1992.
87. Carr JJ, Reed JC, Choplin RH, Pope TL, Jr, Case LD. Pneumothoraces in Cadavers: diagnosis with conventional film screen and computed chest radiography. Exhibited at the Association of University Radiologists, Chicago, IL, April 22-25, 1992. (Second Place Award Poster Session).
88. Reed JC. Complications of acute pneumonias; Patterns of diffuse disease: Parts I and II; Mediastinal lesions: plain film, CT, and MR correlations. Sterling-Winthrop National Guest Lecturer, Department of Radiologic Pathology, Armed Forces Institute of Pathology. Washington DC, April 27-28, 1992.
89. Reed JC. High resolution CT of the lungs. Presented at the High Point Regional Medical Center, High Point, NC, August 12, 1992.
90. Carr JJ, Reed JC, Choplin RH, Pope TL, Jr., Case LD. Pneumothoraces in cadavers: diagnosis with conventional film screen and computed radiography. Exhibited at the Radiological Society of North America Annual Meeting, Chicago, IL, November 29-December 4, 1992. (Received Certificate of Merit Award).
91. Reed JC. Difficult decisions in mammography Parts I and II; Thoracic manifestations of breast cancer. Presented at the Third Annual Update in Mammography, Nassau, Bahamas, February 24-28, 1993, sponsored by the Southern Medical Association.
92. Ely EW, Bowton DL, Case D, Reed JC, Haponik EF. Portable roentgenograms predict. Ventilator-induced hyperinflation. Exhibited at the American Thoracic Society, San Francisco, CA, May 18, 1993
93. Reed JC. Imaging of mediastinal lesions. Presented at the North Carolina Chapter of the American College of Radiology Fall Meeting and Refresher Course, Charlotte, NC, November 5-7, 1993.
94. Reed JC, Feigin DS. Looking anew at pulmonary pattern recognition: the "splitters" and the "lumpers". Refresher Course faculty. Radiological Society of North America, Chicago, IL, November 28-December 3, 1993.
95. Choplin RH, Reed JC, Pope TL, Monu JU. The many faces of aspiration into the tracheobronchial tree and lungs. Exhibited at the Radiological Society of North America Chicago, IL, November 28-December 3, 1993.
96. Reed JC. Film Panel, Diagnosis and Management of necrotizing pneumonias. Presented at The Southern Radiological Conference, Point Clear, AL, January 28-30, 1994.

97. Woodring JH, Halfhill H, Berger R, Reed JC, Moser N. Clinical and imaging features of pulmonary strongyloidiasis. Exhibited at the American Roentgen Ray Society, New Orleans, LA, April 24-29, 1994.

- 4B. Chinese Translation, Fourth Edition, published 1999 by: Ho Chi Book Publishing Company, Taipei, Taiwan 114 R.O.C.
5. Reed JC. *Chest radiology: plain film patterns and differential diagnoses. Fifth Edition*. Mosby, 2003.
- 5A. Spanish Translation, Fifth Edition, published 2005 by: Marban Libros, S.L. Joaquin Maria Lopez, 72. 28015 Madrid, Spain.

6. Reed JC. Chest radiology: plain film patterns and differential diagnoses. Sixth edition, ELSEVIER Mosby, 2011.
7. Reed JC. Chest radiology: plain film patterns and differential diagnoses. Seventh edition, ELSEVIER 2018.

Book Chapters:

1. Reed JC, Korsower JM. Case 21. Asbestosis. In: Theros EG, Editor-in-Chief, Chest disease (second series) syllabus. Chicago: American College of Radiology 1975; 198-202.
2. Reed JC, Korsower JM. Case 30. Berylliosis. In: Theros EG, Editor-in-Chief, Chest disease (second series) syllabus. Chicago: American College of Radiology, 1975; 301-304.
3. Reed JC, Korsower JM. Case 34. Baritosis. In: Theros EG, Editor-in-Chief, Chest Disease (second series) syllabus. Chicago: American College of Radiology, 1975; 337-341.
4. Reed JC. Conventional chest tomography. In: Putman CE, Editor, Pulmonary diagnosis, imaging and other techniques. New York: Appleton, Century, Crofts, 1981; 1-13.
5. Reed JC: The Thorax. In: Hendee WR, Keats TE, Kirkpatrick JA, Jr, Miller FJ, Jr, Osborn AG, Reed JC, Thompson WM, Editors, Yearbook of Diagnostic Radiology. St. Louis: Mosby Year Book, 1991; 183-279.
6. Reed JC. Ultrasound, CT and MR imaging of the pleura. In: Thrall JH, Editor, Current Practice in Radiology. Philadelphia: B.C. Decker, 1993; 67-71.
7. Reed JC. Lung Abscess. In: Barry Siegel, M.D. Editor-in-Chief, Chest Disease - (fifth series) syllabus. Reston, VA: American College of Radiology, 1996; 87-105.
8. Reed JC. AIDS Associated Bacterial Pneumonia; In: Barry Siegel, M.D. Editor-in-Chief, Chest Disease - (fifth series) syllabus. Reston, VA; American College of Radiology, 1996; pp 106-128.
9. Reed JC. Mycobacterium avium-intracellulare infection; In: Barry Siegel, M.D. Editor-in-Chief, Chest Disease - (fifth series) syllabus. Reston, VA: American College of Radiology, 1996; 196-210.
10. Reed JC, Schwannoma; In: Barry Siegel, M.D. Editor-in-Chief, Chest Disease - (fifth series) syllabus. Reston, VA; American College of Radiology, 1996; 212-236.
11. Reed JC. TNM staging system for lung cancer. In: Barry Siegel, M.D. Editor-in-Chief, Chest Disease – (fifth series) syllabus. Reston, VA: American College of Radiology, 1996; 314-3
12. Goldwin RL and Reed JC. Radiology of the Chest. In: Joel A. Kaplan and Peter D. Slinger, Editors, Thoracic Anesthesia, ed 3. Churchill Livingstone, 2003: 24-56.

AUDIO VISUALS:

1. Reed JC, Sobonya RE. Differential diagnosis of mediastinal and pulmonary cysts. Armed Forces Institute of Pathology, June 1974, Videotape #2
2. Part I: Congenital cyst. Armed Forces Institute of Pathology, November 1974, study set (2x2 slides, audiotape and syllabus).
3. Reed JC. Nodules and masses in the lung: Parts I and II. Armed Forces Institute of Pathology, June 1974, Videotapes #303 and #304.

4. Reed JC. Pathophysiologic basis of pulmonary patterns: Parts I, II, and III, Armed Forces Institute of Pathology. August 1974, Videotapes #305, #306, #307.
5. Reed JC. The air-bronchogram in chest radiology: a radiologic-pathologic study. Armed Forces Institute of Pathology, August 1975 (study set 2 x 2 slides, audiotape and syllabus)
6. Reed JC. Radiologic seminars, problems in differential diagnosis: Chest Part I. Armed Forces Institute of Pathology, September 1975, (study set 8 x 10 x-rays, audiotape and syllabus).
