

Andrew J. Collins, M.D.
530 South Jackson Street
Suite C07
Louisville, KY 40204
(502) 852-5875
andrew.collins.1@louisville.edu

EDUCATION

05/78 B.S. in Biology (Magna Cum Laude)
Boston College
Chestnut, MA

05/83 M.D.
UMDNJ – New Jersey Medical School
Newark, NJ

07/83 – 06/84 Internship – PGY 1 Categorical Medicine Intern
St. Michael’s Medical Center
Newark, NJ

07/84 – 06/85 Residency – PGY2 Diagnostic Radiology
UMDNJ – University Hospital
Newark, NJ

07/85 – 06/86 Residency – PGY3 Diagnostic Radiology
UMDNJ – University Hospital
Newark, NJ

07/86 – 06/87 Residency – PGY4 Diagnostic Radiology
UMDNJ – University Hospital
Newark, NJ

07/87 – 06/88 Fellowship in Musculoskeletal Radiology, Department of Radiology &
Nuclear Medicine
The Hospital for Special Surgery
New York, NY

ACADEMIC APPOINTMENTS

07/88 – 01/98 Assistant Professor
Musculoskeletal Imaging Section
Duke University Medical Center
Durham, NC

01/98 – 10/04 Assistant Professor of Radiology
Weill Medical College of Cornell University
New York Presbyterian Hospital
New York, NY

10/04 – 04/13 Associate Professor of Clinical Radiology
Weill Medical College of Cornell University
New York Presbyterian Hospital
New York, NY

09/20 – Present Associate Professor of Radiology
Chief of Musculoskeletal Section
University of Louisville, Department of Radiology
Louisville, KY

OTHER POSITIONS AND EMPLOYMENT

07/88 – 01/98 Attending Radiologist, Musculoskeletal Imaging Section
Duke University Medical Center
Durham, NC

07/88 – 01/98 Attending Radiologist
VA Medical Center
Durham, North Carolina

01/98 – 06/05 Assistant Attending Radiologist
The Hospital for Special Surgery
New York, NY

06/05 – 10/06 Associate Attending Radiologist
The Hospital for Special Surgery
New York, NY

01/98 – 10/04 Assistant Attending Radiologist
New York Presbyterian Hospital
New York, NY

10/04 – 04/13 Associate Attending Radiologist
New York Presbyterian Hospital
New York, NY

01/09 – 12/12 Assistant Attending Radiologist
New York Downtown Hospital
New York, NY

05/13 – 12/14 Private Practice
Andrew J Collins Imaging and Radiology, PLLC
New York, NY

01/15 – 09/15 Private Practice
Andrew J Collins Imaging and Radiology, PLLC
New York, NY 10021

02/16 – 05/17 Independent Contractor
Marquis Radiant/Desert Valley Radiology
Phoenix, AZ

06/17 – 05/20 Associate
 Guthrie Medical Group
 Section Head Musculoskeletal Imaging
 Department of Radiology
 Guthrie Clinic
 Sayre, PA

09/20 – Present Associate Attending Radiologist
 Chief of Musculoskeletal Section
 University of Louisville
 Department of Radiology
 Louisville, KY

CERTIFICATION AND LICENSURE

05/26/88 Board Certification
 The American Board of Radiology
 Diagnostic Radiology

07/01/85 Medical Licensure
 State Board of Medical Examiners of New Jersey (#46276)
 (Inactive)

06/18/87 Medical Licensure
 The University of the State of New York Education Department (#170374)
 (Active)

08/06/88 Medical Licensure
 State of North Carolina Board of Medical Examiners (#32672)
 (Inactive)

06/08/01 Medical Licensure
 State of Ohio State Medical Board (#79573)
 (Inactive)

10/01 – 08/09 Medical Licensure
 State of Connecticut Department of Public Health (#039919)
 (Expired)

05/17/13 Medical Licensure
 Commonwealth of Pennsylvania Department of State Bureau of
 Professional and Occupational Affairs (#MD448760)
 (Active)

12/28/15 Medical Licensure
 Arizona Medical Board
 (Expired)

08/18/20 Medical Licensure
 KY Board of Medical Licensure (#54227)
 (Active)

PROFESSIONAL MEMBERSHIPS AND ACTIVITIES

04/89 – 07/95	Radiological Society of North America
1990 – Present	Society of Skeletal Radiology
07/91 – 07/95	American Roentgen Ray Society
1994	Southern Radiological Conference
05/00 – Present	American Roentgen Ray Society
2004 – Present	Radiological Society of North America

HONORS AND AWARDS

1992	William F. Barry Memorial Teaching Award Duke University Medical Center
1995	Davison Society Excellence in Teaching Award Duke University Medical School
1995	Thomas D. Kinney Excellence in Teaching Award Duke University Medical School
1996	Thomas D. Kinney Excellence in Teaching Award Duke University Medical School
1998	Davison Society Excellence in Teaching Award Duke University Medical School
1998	Thomas D. Kinney Excellence in Teaching Award Duke University Medical School
1999	Robin C. Watson Excellence in Teaching Award New York Presbyterian Hospital

COMMITTEE ASSIGNMENTS AND ADMINISTRATIVE SERVICES

11/28 – 12/03/93	“Arthritis: MR imaging” Presiding Officer at Scientific Session. RSNA.
09/20 – Present	Resident Clinical Competency Committee University of Louisville Department of Radiology

EDUCATIONAL ACTIVITIES

National teaching

- “Skeletal Neoplasms and Other Lesions”. Duke Radiology Review Course. Sheraton Hotel, Durham, NC. May 2, 1989.
- “CT Arthrography of the Shoulder”. Duke University Postgraduate Course. Pine Knolls Shores, N.C. July 24 – 28, 1989.
- “Cartilaginous Lesions of Bone”, “MRI of the Wrist”, “CT Arthrography of the Shoulder”, “Case Conference”. 16th Annual Duke Fall Symposium of Diagnostic Imaging. Southampton Princess, Bermuda. October 15 – 21, 1989.

- “Skeletal Neoplasms and Other Lesions”, “Metabolic Bone Disease”, “Arthropathies: Radiologic Differentiation”, “MRI of the Musculoskeletal System”. Duke Radiology Review Course. Sheraton Imperial Hotel, Research Triangle Park, N.C. April 30 – May 4, 1990.
- “Skeletal Neoplasms and Other Lesions”, “Tumor-like Conditions of Bone and Dysplasias”. Duke Radiology Review Course. Sheraton Imperial Hotel, Research Triangle Park, N.C. April 7 – 11, 1991.
- Co-Director of the Duke Radiology Summer Postgraduate Course. Radisson Resort Hotel, Kingston Plantation, Myrtle Beach, S.C. July 22 – 26, 1991.
- “MRI of the Knee”, “MRI of the Shoulder”, “MRI of the Wrist”, “MRI of Osseous Neoplasms”.
- MR Update: Neuroradiology and Musculoskeletal Radiology. Sponsored by The University of Alabama at Birmingham. Westin Resort Hotel, Hilton Head, S.C. October 11 – 12, 1991.
- “TMJ Imaging”, “Shoulder Imaging”, “MRI of the Knee”, “Case Conference”. 18th Annual Duke Fall Symposium of Diagnostic Imaging. Southampton Princess, Bermuda. October 13 – 19, 1991.
- “Skeletal Neoplasms and Other Lesions”, “Metabolic and Dysplastic Bone Disease”. Duke Radiology Review Course. Sheraton Imperial Hotel, Research Triangle Park, N.C. April 12 – 16, 1992.
- “MRI of the Shoulder”. Co-Director of the Duke Radiology Summer Postgraduate Course. Radisson Resort Hotel, Kingston Plantation, Myrtle Beach, S.C. July 27 – 31, 1992.
- “Arthropathies: Radiologic Differentiation”, “Shoulder Imaging”, “MRI of Knee”, “MRI of Osseous Neoplasms”. Duke Winter Postgraduate Course. Aspen, Colorado. February 8 – 12, 1993.
- “Skeletal Neoplasms and Other Lesions”, “Metabolic and Dysplastic Bone Disease”. Duke Radiology Review Course. Sheraton Imperial Hotel, Research Triangle Park, N.C. April 10 – 14, 1993.
- “MRI of Osseous Neoplasms”. Co-Director of the Duke Radiology Summer Postgraduate Course. Radisson Resort Hotel, Kingston Plantation, Myrtle Beach, S.C. July 26 – 30, 1993.
- “MRI of the Knee”, “Imaging of Arthropathies”, “Shoulder Imaging”, “MRI of the Foot and Ankle”. Duke Winter Postgraduate Course. The Ritz-Carlton Hotel, Aspen, Colorado. February 7 – 11, 1994.
- “Skeletal Neoplasms and Other Lesions”, “Metabolic and Dysplastic Bone Disease”, “Arthropathies: Radiologic Differentiation”. Duke Radiology Review Course. Sheraton Imperial Hotel. Research Triangle Park, N.C. April 10 – 15, 1994.
- “Arthropathies: Radiologic Differentiation”. Co-Director of the Duke Radiology Summer Postgraduate Course. Radisson Resort Hotel, Kingston Plantation, Myrtle Beach, S.C. August 1 – 5, 1994.

- “Arthritis”, “MRI of the Knee”, “Shoulder Imaging”, “Assessment of Ankle and Foot Pathology”, “Case Conference-Metabolic Bone Disease”, Co-Director of the Twenty-First Annual Duke Fall Symposium of Diagnostic Imaging. Southampton Princess, Bermuda. October 2 – 7, 1994.
- “Metabolic Bone Disease”, “Arthropathies: Radiologic Differentiation”, “Skeletal Neoplasms and Other Lesions / Selected Dysplasias”. Duke Radiology Review Course. Sheraton Imperial Hotel, Research Triangle Park, N.C. April 9 – 14, 1995.
- “Imaging of Thoracolumbar Spine Trauma”. Duke Radiology Summer Postgraduate Course. Radisson Resort Hotel, Kingston Plantation, Myrtle Beach, S.C. July 31 – August 4, 1995.
- “Cervical Spine Trauma”, “Hip Imaging”, “Imaging of Thoracolumbar Spine Trauma”, “Case Presentations”. Director of the Twenty-Second Annual Duke Fall Symposium of Diagnostic Imaging. Southampton Princess, Bermuda. October 8 – 13, 1995.
- “Metabolic and Dysplastic Bone Disease”, “Arthropathies”, “Osseous Neoplasms and Other Lesions”. Duke Radiology Review Course. Sheraton Imperial Hotel, Research Triangle Park, N.C. April 21 – 26, 1996.
- “Imaging of Dysplasias”. Duke Radiology Summer Postgraduate Course. Radisson Resort Hotel, Kingston Plantation, Myrtle Beach, S.C. August 1996.
- “Imaging of Dysplasias”, “Arthrography”, “Imaging of Musculoskeletal Infection”. Director of the Twenty-Third Annual Duke Fall Symposium of Diagnostic Imaging. Southampton Princess, Bermuda. October 6 – 11, 1996.
- “Bone X-Rays – A Systematic Analysis to Viewing Films”, “Imaging Pitfalls in the Emergency Room”. 14th Annual Office Orthopedics and Bone Radiology for the Primary Care Physician. Sponsored by: Continuing Medical Education Associates and Sharp Memorial Hospital. The Royal Sonesta Hotel, New Orleans, Louisiana. April 3 – 6, 1997.
- “Malignant Bone Tumors”, “Metabolic and Dysplastic Bone Disease”. Duke Radiology Review Course. Sheraton Imperial Plaza, Research Triangle Park, N.C. April 13 – 17, 1997.
- “MRI of Neoplasms of Bone” and “Selected Cases”. Duke Radiology Musculoskeletal Magnetic Resonance Imaging Visiting Fellowship. Searle Center, Durham, NC. September 22 – 25, 1997.
- “MRI of Neoplasms of Bone” and “Selected Cases”. Duke Radiology Musculoskeletal Magnetic Resonance Imaging Visiting Fellowship. Searle Center, Durham, NC. November 10 – 13, 1997.
- “Bone X-Rays – A Systematic Analysis to Viewing Films”, “Imaging Pitfalls in the Emergency Room”. 15th Annual Office Orthopedics and Bone Radiology for the Primary Care Physician. Sponsored by: Continuing Medical Education Associates. The Royal Sonesta Hotel, New Orleans, Louisiana. March 26 – 29, 1998.
- “Bone X-Rays – A Systematic Analysis to Viewing Films”, “Imaging Pitfalls in the Emergency Room.” 15th Annual Office Orthopedics and Bone Radiology for the Primary Care Physician. Sponsored by: Continuing Medical Education Associates. Caesars Palace, Las Vegas, Nevada. May 3 – 6, 1998.

- “Imaging of Spine Injuries”, “Imaging of Joint Replacement”, “MRI of Joints”, “Musculoskeletal Interventions”. Weill Medical College of Cornell University – 29th Annual Diagnostic Imaging and Interventional Radiology Postgraduate Course. The Hyatt Regency, St. Lucia. February 4 – 9, 2001.
- “Emergent Musculoskeletal Procedures”. New York Roentgen Society Spring Meeting. Concierge Conference Center, 780 3rd Avenue, New York, NY. May 6, 2009.

Regional in Association with Duke University Medical Center

- Fayetteville Area Health Education Center (FAHEC)
 - “TMJ Imaging”, March 15, 1990. Moore Regional Hospital, Pinehurst, NC
 - “TMJ Imaging”, May 1, 1991. Southeastern General Hospital, Lumberton, NC
- Cabarrus Radiology Affiliation. Cabarrus Memorial Hospital, Cabarrus County, NC
 - “TMJ Imaging”, March 22, 1990
 - “MRI of Musculoskeletal System” (cases); “Musculoskeletal MRI” (lecture), April 25 – 26, 1991
 - “MRI of the Knee”, “MRI of the Shoulder”, March 10, 1992
 - “MRI of Osseous Neoplasms”, December 16, 1993
 - “MRI of the Foot”, “Imaging of Shoulder Instability”, “MRI Case Conference”, March 24, 1994
- Asheville VA Visiting Professor Program. Asheville VA Hospital, Asheville, NC
 - “Musculoskeletal MRI”, October 1, 1990
 - “Shoulder Imaging”, November 4, 1991
 - “MRI of Osseous Neoplasms”, October 5, 1992
- North Carolina Society of Radiologic Technologists – Annual Meeting.
 - “What About that Curve? Scoliosis: From the Processor to the Reading Area”, April 7, 1994

Interdepartmental in Association with Duke University Medical Center

- Orthopedic Department
 - Participation in Orthopedic Grand Rounds weekly conference
 - Orthopedic Resident Anatomy and Pathology Conference
 - “Skeletal Neoplasms”, Part I, March 19, 1992
 - “Skeletal Neoplasms”, Part II, May 28, 1992
 - “MRI of Osseous Neoplasms”, September 17, 1992
 - “Radiologic Differentiation of Arthropathies”, October 1, 1992
 - “MRI of Shoulder and Knee” Part I, September 9, 1993
 - “MRI of Shoulder and Knee” Part II, September 30, 1993
- Orthopedic – Pathology – Radiology Tumor Conference
 - Participation in weekly multidisciplinary tumor conference for review of cases and treatment planning
- Radiology – Orthopedic Surgery Correlation Sports Medicine Conference
 - Participation in weekly conference
- Spinal Cord Conference

- Participation in weekly multidisciplinary conference concerning the management of patients with spinal cord injury. Departments of Neurosurgery, Orthopedic Surgery, Radiology, Rehabilitation Medicine as well as Nursing and Social Services involved
- Spine Pre-Operative Planning Conference
 - Participation in weekly multidisciplinary conference for planning operative management of spine cases. Departments of Neurosurgery, Orthopedic Surgery, and Radiology are represented
- Rheumatology Department
 - Participation in bimonthly Rheumatology / Radiology Conferences with staff, fellows, residents, and medical students
- Rheumatology Grand Rounds
 - "Imaging of Osteonecrosis", May 21, 1992
 - "Imaging of Sacroiliitis", May 28, 1992
- ER Medicine Conference
 - "Osteoarthritis", April 17, 1991
 - "Ankle Injuries", June 5, 1991

Departmental in Association with Duke University Medical Center

- Radiology Residents
 - Regular teaching sessions on service
 - 7:30 Resident teaching conference
 - Daily teaching of clinical material including plain films, ER musculoskeletal cases, tomography, CT, MRI, Arthrography, and biopsies
 - 1997 Musculoskeletal Magnetic Resonance Imaging Visiting Fellowships, September 22 – 25, 1997; November 10 – 13, 1997

Medical School in Association with Duke University Medical School

- Regular teaching of rotating medical students on Musculoskeletal Service
- Introduction to Clinical Medicine Course (204C)
 - "Dysplasias of Bone", 1989
 - "Arthropathies", 1990, 1991, 1993, 1994, 1995, 1996
 - "Metabolic Bone Disease", 1990, 1991, 1992, 1993, 1994, 1995, 1996
 - "Introduction to Imaging", 1994, 1995, 1996. "Skeletal Neoplasms", 1994, 1995, 1996
- Pathology/ Radiology Course (Path 364-B)
 - "Radiology of Metabolic Bone Disease", "Benign Skeletal Lesions", April 16, 1990
- Clinical Pathologic Conference (First Year students)
 - "Radiology of Amyloidosis", May 22, 1989
 - "Radiology of Multiple Myeloma", May 25, 1992
- Director, Medical Student Education, July 1, 1994 – August 1, 1997
 - Responsible for directing courses and giving a high percentage of the lectures and conferences in those courses. Forty to fifty percent of my time was dedicated to efforts in this regard. 10 hours per month dedicated to organizing the courses, preparing handouts/ syllabi and collecting teaching material

- Director, Radiology Section – Introduction to Clinical Medicine Course-204C – Second Year Students
- Director, Radiology 4th Year Elective – Radiology 229C
- Director, Radiology Section – First Year Clinical Practice Course
- Clinical Rheumatology Elective Course (MED 321-C)
 - “Radiologic Evaluation of Arthropathies”, April 1, 1997
- Rheumatology Physician Assistant Course
 - “Skeletal Neoplasms and Other Lesions”, March 16, 1992 and March 29, 1993
 - “Radiologic Differentiation of Arthropathies”, March 16, 1992, March 29, 1993 and February 28, 1994
 - “Metabolic and Dysplastic Bone Disorders”. April 5, 1993, and February 28, 1994
- Percent effort devoted to teaching: 40 – 50% during the time served as Director of Medical Student Education; at other times, 10%

Regional in Association with New York Presbyterian Hospital and Hospital for Special Surgery

- Lenox Hill Hospital Radiology Resident Conference Series
 - “Arthritis”, October 30, 2002
 - “Arthritis”, November 19, 2002
 - “Metabolic Bone Disease”, December 9, 2002
 - “Metabolic and Neoplastic Bone Disease”, January 21, 2003
 - “Neoplastic Bone Disease”, February 24, 2003
 - “Arthritis and Neoplastic Bone Disease”, April 3, 2003
 - “Case Conference” and “Board Review”, May 21, 2003
 - “Cartilaginous Lesions”, July 29, 2003
 - “Bone Forming and Cystic Lesions”, September 25, 2003
 - “Case Conference”, May 6, 2004
 - “Board Review”, May 12, 2004
 - “Board Review”, May 14, 2004

Interdepartmental in Association with Hospital for Special Surgery

- Rheumatology Department
 - Participation in Wednesday morning Rheumatology Conference
- Nursing Department
 - “PICC In-service”, April 18, 2002
 - “PICC In-service”, April 25, 2002

Departmental in Association With New York Presbyterian Hospital and Hospital for Special Surgery

- Radiology Residents
 - 7:00 a.m. Emergency Room Readout at NYPH
 - 10:30 a.m. Fracture Board Readout at NYPH
 - 2:30 p.m. Fracture Board Readout at NYPH
 - 1:30 p.m. Orthopedic Clinic Board Readout with NYPH residents at HSS
 - 7:30 a.m. & 12 noon NYPH resident lectures
 - 5:00 p.m. Resident Teaching Conference

- Daily teaching of clinical material including plain films, tomography, CT, MRI, arthrography, facet and nerve root injections, myelography, discography and biopsies
- Radiology Fellows
 - Daily teaching of clinical material including plain films, tomography, CT, MRI, arthrography, facet and nerve root injections, myelography, discography, PICC insertion, and biopsies
- Director of Education for the Department of Radiology and Imaging from 11/24/98 to 11/31/00
 - Organized an accredited Category I CME Grand Rounds program with weekly conferences and a monthly Bone Club meeting. The program started July 7, 1999
- Radiology Grand Rounds, lectures given
 - “Radiology/Pathology”, October 13, 1999
 - “Radiology/Pathology”, November 10, 1999
 - “Radiology/Pathology”, January 5, 2000
 - “Quality Assurance”, November 1, 2000
 - “PICC In-Service”, July 24, 2002
 - “PICC In-Service”, August 7, 2002
 - “PICC In-Service”, July 23, 2003
 - “PICC In-Service”, September 24, 2003
 - Percent of effort devoted for all teaching at NYPH and HSS: 35%

Departmental in Association With New York Presbyterian Hospital 10/16/06 – 4/30/13

- Radiology Residents
 - Daily teaching of clinical material including plain films, CT, MRI, arthrography, facet and nerve root injections, CT and ultrasound guided injections, aspirations, and biopsies
 - 8:00 a.m. – 6:00 p.m. Emergency Room Readout at NYPH
 - 8:00 a.m. – 6:00 p.m. Orthopedic Imaging Readout at NYPH
 - 12:30 p.m. & 1:15 p.m. NYPH resident lectures
- Radiology Fellows
 - Daily teaching of clinical material including plain films, CT, MRI, arthrography, facet and nerve root injections, CT and ultrasound guided injections, aspirations, and biopsies
 - 8:00 a.m. Friday Body Imaging Teaching Conference

Medical School in Association with Weill Medical College

- Regular teaching of medical students rotating through the Musculoskeletal and Emergency Department imaging services during their Radiology Clerkship
- Monthly conference given for students on the Radiology Clerkship

Departmental in Association with Guthrie Clinic

- Medical students from Geisinger Commonwealth School of Medicine
 - Regular teaching of Musculoskeletal and Emergency Department imaging to 3rd year students during their Radiology Clerkship

- Yearly lecture: Introduction to Musculoskeletal Imaging

Interdepartmental in Association with University of Louisville Hospital

- Orthopedic Department
- Participation in Orthopedic Department Fracture Conference

Departmental in Association with University of Louisville Hospital

- Radiology Residents
- Daily resident teaching conference Musculoskeletal Imaging lectures
- Daily teaching of musculoskeletal clinical material including plain films, ER musculoskeletal cases, Tomography, CT, MRI, Arthrography, Ultrasound, Fluoroscopic and Ultrasound guided injections, aspirations, and biopsies

Medical School in association with University of Louisville

- Regular teaching of medical students rotating through the Musculoskeletal imaging service during their Radiology Rotation

University of Louisville Hospital Clinical Departments

- Regular teaching of Clinical Residents and Interns rotating through the Musculoskeletal imaging service during their Radiology Rotation

CLINICAL ACTIVITIES

10/06 – 04/13	Clinical Care At New York Presbyterian Hospital – Performance of and interpretation of musculoskeletal imaging studies including plain films, ER musculoskeletal cases, CT, ultrasound, MRI, arthrography, facet and nerve root injections, and ultrasound and CT guided injections, aspirations, and biopsies. Interpretation of Emergency Department plain film and cross-sectional imaging studies of the head, neck, chest, abdomen, pelvis, and extremities.
02/14 – 09/15	Clinical Care At Private Practice – Performance of and interpretation of ultrasound musculoskeletal imaging studies and ultrasound guided and fluoroscopic guided musculoskeletal procedures including aspirations of joints, bursae, and abnormal fluid collections; and injections of local anesthetics, cortisone, or platelet rich plasma into joints, bursae, and into or around tendons.
02/16 – 05/17	Clinical Care at Marquis Radiant/Desert Valley Radiology – Performance of and interpretation of musculoskeletal imaging studies including plain films, CT, ultrasound, MRI, arthrography, and CT guided injections and aspirations. Interpretation of plain film and cross-sectional imaging studies of the head, neck, chest, abdomen, pelvis, and extremities.
06/17 – 08/20	Administrative Duties at Guthrie Clinic – Section Head of Musculoskeletal Imaging Clinical Care at Guthrie Clinic – Performance of and interpretation of musculoskeletal imaging studies including plain films, ER musculoskeletal cases, CT, ultrasound, MRI, arthrography, and ultrasound guided injections and aspirations. Interpretation of Emergency Department plain

09/20 – Present film and cross-sectional imaging studies of the head, neck, chest, abdomen, pelvis, and extremities. Clinical Care at University of Louisville Hospital – Performance of and interpretation of musculoskeletal imaging studies including plain films, ER musculoskeletal cases, CT, ultrasound, MRI, arthrography, facet and nerve root injections, and ultrasound and CT guided injections, aspirations, and biopsies. Interpretation of Emergency Department plain film and cross-sectional imaging studies of the head, neck, chest, abdomen, pelvis, and extremities.

EDITORIAL WORK

1990 Investigative Radiology
Review of “Imaging Techniques in Orthopedics” by C.S.B. Galasko and I. Isherwood
New York, NY: Springer-Verlag

1991 Investigative Radiology
Review of “Bone Tumors: Clinical, Radiologic, and Pathologic Correlations” by Joseph M. Mirra
Philadelphia/London Lea & Febiger

RESEARCH PROJECT INVOLVEMENT AT NYPH AND HSS

- Tunnel Expansion Following Anterior Cruciate Ligament Reconstruction. Hyman J, Wickiewicz T, Williams R, Warren R, **Collins AJ**
- Plantar Fasciitis: Sonographic and Radiographic Findings. **Collins AJ**, Adler RS, Pavlov H, Positano R, Moch A
- Preliminary Experience of the Mitek Knotless Anchor for Anterior Shoulder Instability. Faryniarz DA, Akhavan S, MS; **Collins AJ**, Allen, A, Alcheck D, Cordasco F, Warren RF, Williams R
- Measurement of Tibial Slope in Patients with HTO and ACL Reconstruction. Faryniarz DA, Doward D, **Collins AJ**, Warren RF, Williams R, Wickiewicz T
- Plain Film Appearance of Stress Fractures
- Plain Film Appearance of Neuropathic Joint Disease
- “A Pivotal Study to Determine the Effectiveness and Safety of Ex-Ablate Treatment of Metastatic Bone Tumors”, “A Phase III Randomized Trial of Cryoablation vs. Radiation for the Palliation of Painful Bone Metastases”

ABSTRACTS AND PRESENTATIONS

1. **Collins AJ**, "MRI of Wrist in Rheumatoid Arthritis". Presented by Collins AJ at the Scientific Program, Twelfth Annual Meeting, Southeastern Society of Skeletal Radiology, Delray Beach, Florida. March 1 – 4, 1989.
2. **Collins AJ**, Garrett WE. "MRI Evaluation of the Anatomical Relationships of the Patellofemoral Joint in Recurrent Dislocators and Subluxators". Presented by Collins AJ at the Scientific Program, Fifteenth Annual Meeting, Society of Skeletal Radiology, Phoenix, Arizona. February 19 – 22, 1992.
3. **Collins AJ**, Harrelson JM. "Pseudopathologic Fracture Appearance of Stress Fractures with Oval Radiolucency". Presented by Collins AJ at the Society of Skeletal Radiology 1997 Annual Meeting, Las Vegas, Nevada. March 4 – 8, 1997.
4. **Collins AJ**. "MR Imaging Appearance of the Ligamentum Mucosum". Presented by Collins AJ at the Society of Skeletal Radiology 1997 Annual Meeting, Las Vegas, Nevada. March 4 – 8, 1997.
5. Cooperman AE, Helms CA, **Collins AJ**, Speer KP. "Magnetic Resonance Imaging Findings in Anterolateral Impingement of the Ankle". Presented by Cooperman AE at the American Roentgen Ray Society Annual Meeting. May 1997.
6. Dooley MA, Pisetsky DS, Scarlett EL, Gilkeson GS, **Collins AJ**, Spritzer CE. "Longitudinal MRI Studies in Early RA: Correlation with Clinical and Radiographic Disease Activity". Presented by Dooley MA. 56th Annual Meeting, Am Col Rheum, Atlanta, GA. October 11 – 15, 1992; *Arthritis & Rheum* 1992; V35, N9 (Sept Suppl.) Pg. S196 Abstract #C179.
7. Moch A, **Collins AJ**, Adler RS, Pavlov H, Positano R. "New Sonographic Findings in Plantar Fasciitis and Radiographic Correlation". Presented by Collins AJ at the Society for Skeletal Radiology 23rd Annual Meeting, Scottsdale, AZ. March 5 – 8, 2000.
8. Sofka CM, **Collins AJ**, Adler RS. "Utilization of Ultrasound Guidance in Interventional Musculoskeletal Procedures: A Review from a Single Institution". Presented by Sofka CM at the American Institute of Ultrasound in Medicine, 44th Annual Meeting, San Francisco, CA. April 2 – 5, 2000.
9. Moch A, **Collins AJ**, Adler RS, Pavlov H, Positano R. "Plantar Fasciitis: Sonographic and Radiographic Findings". Presented by Collins AJ at the American Institute of Ultrasound in Medicine 44th Annual Meeting, San Francisco, CA. April 2 – 5, 2000.
10. Moch A, **Collins AJ**, Adler RS, Pavlov H, Positano R. "Plantar Fasciitis: Sonographic and Radiographic Findings". Presented by Collins AJ at the American Roentgen Ray Society, 100th Annual Meeting, Washington, DC. May 7 – 12, 2000.

Abstracts Submitted

1. Spritzer CE, **Collins AJ**, Cooperman AE, Speer KP. "Instability of the Long Head of the Biceps Tendon, the Hidden Lesion". American Roentgen Ray Society, 1998 Annual Meeting, San Francisco, CA.
2. Korsarek FJ, **Collins AJ**, Helms CA. "The MR Imaging Appearance of the Infrapatellar Plica". American Roentgen Ray Society, 1998 Annual Meeting, San Francisco, CA.

Book Reviews

1. Review of Imaging Techniques in Orthopaedics, by C.S.B. Galasko and I. Isherwood. New York, NY: Springer-Verlag, In: Investigative Radiology, 1990.
2. Review of Bone Tumors: Clinical, Radiologic, and Pathologic Correlations, by Joseph M. Mirra, Lea & Febiger, Philadelphia, London, In: Investigative Radiology, 1991.

PUBLICATIONS

Articles in Professional Journals

1. Spinner RJ, Lins RE, **Collins AJ**, Spinner M. Posterior Interosseous Nerve Compression Due to an Enlarged Bicipital Bursa Confirmed by MRI. Journal of Hand Surgery (British and European Volume, 1993) 18B: 753-756.
