Quick Start Guide
Health Science Campus / University of Louisville - School of Medicine

B-Building 102/202

Room PC (Recommended)

If you plan to use the PC in the room, follow these instructions:

1. Tap the touch panel to begin.
2. When asked if you need to use the projector, tap “Yes,”
3. If the screen is not down, use the Screen UP/DN buttons on the left side of the screen to lower it.
4. On the main menu, tap “Computer.”
5. On the Computer Feed menu, tap “Host PC”
6. The computer at the podium will now display on the projector.

Laptop

If you plan to bring a laptop and hook it into the projector, follow these instructions:

1. To the right of the podium there is a black VGA cable with a variety of adapters attached to it. Connect this to your laptop.
   a. It is recommended you acquire any adapters you need to convert from VGA to what your laptop supports and keep it on you if you plan to use your laptop.
2. Follow steps 1-4 on in the “Room PC” section.
   Tap “Laptop.”
3. The projectors will now turn on.
4. Your laptop should now be displaying on the projector.

Please turn off the projector by hitting Main Menu -> Exit when you are finished.
