Quick Start Guide
Health Science Campus / University of Louisville - School of Medicine

Baxter 038

Among the easiest rooms to set up. Follow these simple steps to get started.

Room PC (Recommended)

If you plan to use the PC in the room, follow these instructions:

1. Press and hold the Display Power button on the box pictured above.
2. The Projector will turn on.
3. Press the lecturn computer button until the PC is being projected.
4. If the screen isn’t down there is a white panel on the wall near the screen with up and down arrow buttons. Press down to lower the screen.

Laptop

If you plan to bring a laptop and hook it into the projector, follow these instructions:

1. To the left of the podium there is a black VGA cable Connect this to your laptop.
   a. It is recommended you acquire any adapters you need to change from VGA to what your laptop supports and keep it on you.
2. Press and hold the Display Power button at the box pictured above.
3. The Projector will turn on
4. Press the laptop button on the box pictured above.
5. Your laptop should now be displaying on the projector.

Please press and hold Display Power until the projectors power off when you are finished
