

ACLS Course

EPC approved: December 5, 2007

Effective: Class of 2009 [after Match]

The EPC voted December 5, 2007 to approve the redesigned ACLS course--students will now take ACLS during fourth year and receive certification, thus positioning them for residency (and not having to take ACLS when they begin their residency).

MOTION: Dr. Patel moved to accept the proposal for a revised ACLS course presented by Dr. Price October 17, 2007; seconded by Dr. Koch, passed unanimously.
