I. **A Great Place To Learn**

**University Strategic Goal**
The University of Louisville is a great place to LEARN because it prepares students for success now, next and beyond. We accomplish this by supporting the whole student through transformative purpose-driven and engaged learning.

**Strategy 1:** Engage students in research that will bolster our prominence among Carnegie-classified.

Action 1: Involve students in prioritized university wide Grand Challenges (empowered community, work, health) in research

**Strategy 2:** Engage every undergraduate student in required meaningful experiential learning opportunities.

Action 1: Create a high quality, industry focused, core skills certification that students can use as an employment tool alongside their academic credential when they graduate.

**Strategy 3:** Attract and graduate the most talented, diverse student body through meaningful and structured commitment to student success, guided by the Strategic Enrollment Management Plan, to raise the university’s national prominence.

Action 1: Expand global footprint/impact by increasing the percentage of students who participate in global cross-cultural study, research, and/or service experiences; and increasing UofL’s international student community.

Action 2: Inspire a student-centered culture by improving the efficiency and user experience of our systems and the faculty and staff’s responsible ownership of student success.

Action 3: Improve retention and persistence to graduation and ensure progress toward equal outcomes for underrepresented, underprepared, low income students sub populations.

Action 4: Attract and enroll a capable, diverse, and engaged student body responsive to the demographic and workforce needs of the future.

II. A Great Place To Invest

University Strategic Goal

The University of Louisville is a great place in which to INVEST because of its demonstrated and potential impact on individual and community health and the economic, social and cultural health and well-being of Louisville, the commonwealth and beyond. We accomplish this through innovative teaching, research, scholarship and creative activity, principled leadership, responsible stewardship and engaged partnerships.

Strategy 1: Create social, cultural, and learning opportunities that bring people to campus or bring the campus to people (virtual and external partnerships) that improve quality of life by leveraging faculty, staff and student expertise and talent.

Action 1: Marketing and promotion: Improve the University’s local and global marketing and communications and digital presence to increase access to knowledge and engagement.

Strategy 2: Improve the ease and impact of partnering with the university by building and stewarding mutually beneficial relationships that support student success, faculty productivity and staff development.

Action 1: Develop value added partnerships with business and industry partners.

Action 2: Develop a comprehensive alumni engagement platform to integrate alumni and friends in the university’s shared interests, areas of expertise and Grand Challenges.

Strategy 3: Increase productivity and innovation in research, scholarship and creative activities addressing the Grand Challenges to bolster our prominence among Carnegie-classified Research 1 universities.

Action 1: Strengthen UofL’s R1 standing by increasing scholarship support, fellowship opportunities, graduate degrees and postdoctoral training, and national academy memberships.

III. A Great Place To Work

University Strategic Goal
The University of Louisville is a great place to WORK because it is a workplace dedicated to personal growth and professional development. We accomplish this by fostering a culture where faculty, staff and administration live our institutional values.

Strategy 1: Inspire a culture of care, trust, accountability, equity and transparency by embedding the Cardinal Principles in the fabric of the university.

Action 1: Establish policies and implement required annual training programs on bullying, implicit bias, sexual harassment, etc to hold employees at all levels accountable for improving climate and culture outcomes.

Action 2: Review climate survey data and create and implement action plans to address identified concerns in a timely manner.

Strategy 2: Provide all faculty and staff fair and equitable compensation recognizing that our employees are critical to attaining institutional success.

Action 1: Regularly benchmark total compensation against peers and the market to inform university compensation targets.

Action 2: Conduct comprehensive review of compensation equity in each unit and develop plans to redress identified equity issues.

Strategy 3: Inspire a culture of care, trust, accountability, equity and transparency by embedding the Cardinal Principles in the fabric of the university.

Action 1: Implement and incentivize a Cardinal Principles training program to cultivate noble leaders and to hold them accountable for improving climate and culture outcomes at all levels of the university.

Strategy 4: Become an employer of choice that intentionally attracts and retains the most talented and diverse faculty and staff through meaningful and structured commitment to employee success.

Action 1: Develop hiring practices to attract competitive candidates and support diversity, equity and inclusion.
