

Shadowing Documentation

Applicants are required to have a minimum of 24 hours shadowing experience with a Certified Registered Nurse Anesthetist (CRNA) prior to applying to the University of Louisville's DNP Nurse Anesthesia. Please print this form and fill it out during your shadowing experience. If you have multiple shadowing experiences, please complete separate forms for each one. You will upload your completed form(s) along with your other application materials to NursingCAS.

Name: _____

Date: _____ Length of Time: _____

Facility: _____

CRNA Name: _____ CRNA Signature: _____

Check all that apply, not all are required as each shadowing experience is unique:

- Observed preoperative interview and preparation of patient
- Observed induction of general anesthesia
- Observed emergence from general anesthesia
- Observed PACU report
- Observed invasive line placement
- Observed regional techniques
- Discussed a typical day for a CRNA in the practice setting you are observing
- Discussed the roles and responsibilities of the CRNA you are shadowing

Reflect on your experience as it relates to your overall understanding of the role of the CRNA:

CRNA Comments:

CRNA: For questions or comments please contact Sarah Exner, Administrative Services Manager, at sarah.exner@louisville.edu. Thank you for participating in this shadowing experience.
