

# Undergraduate Students Post-Graduation Education and Employment

2021-22 Executive Summary

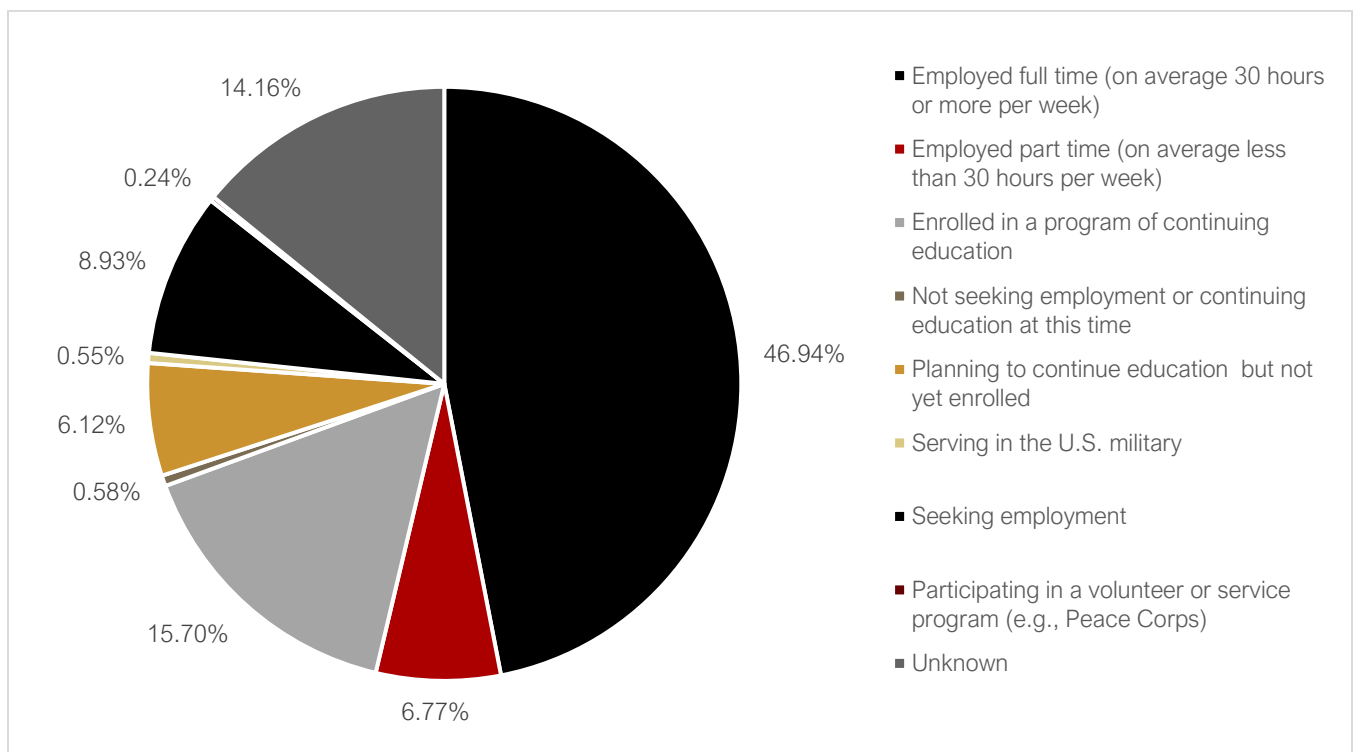

The University of Louisville and Institutional Effectiveness (IE) collect information related to students' continuing education and employment plans after graduation through the following sources:

- Degree Application – collected at the time the student applies for graduation
- Graduating Student Survey – administered between the time the student applies for graduation and the commencement ceremony
- First Destination Survey – administered to the student three months following commencement and open for six months

In combination, these surveys provide useful information regarding students' initial post-graduate plans, their more solidified intentions at the time of graduation, and their actual experiences post-graduation. This report summarizes these self-reported student responses. Responses presented here represent the most recent information collected for each student.
