

Graduate/Professional Students Post-Graduation Education and Employment

2022-23 Executive Summary

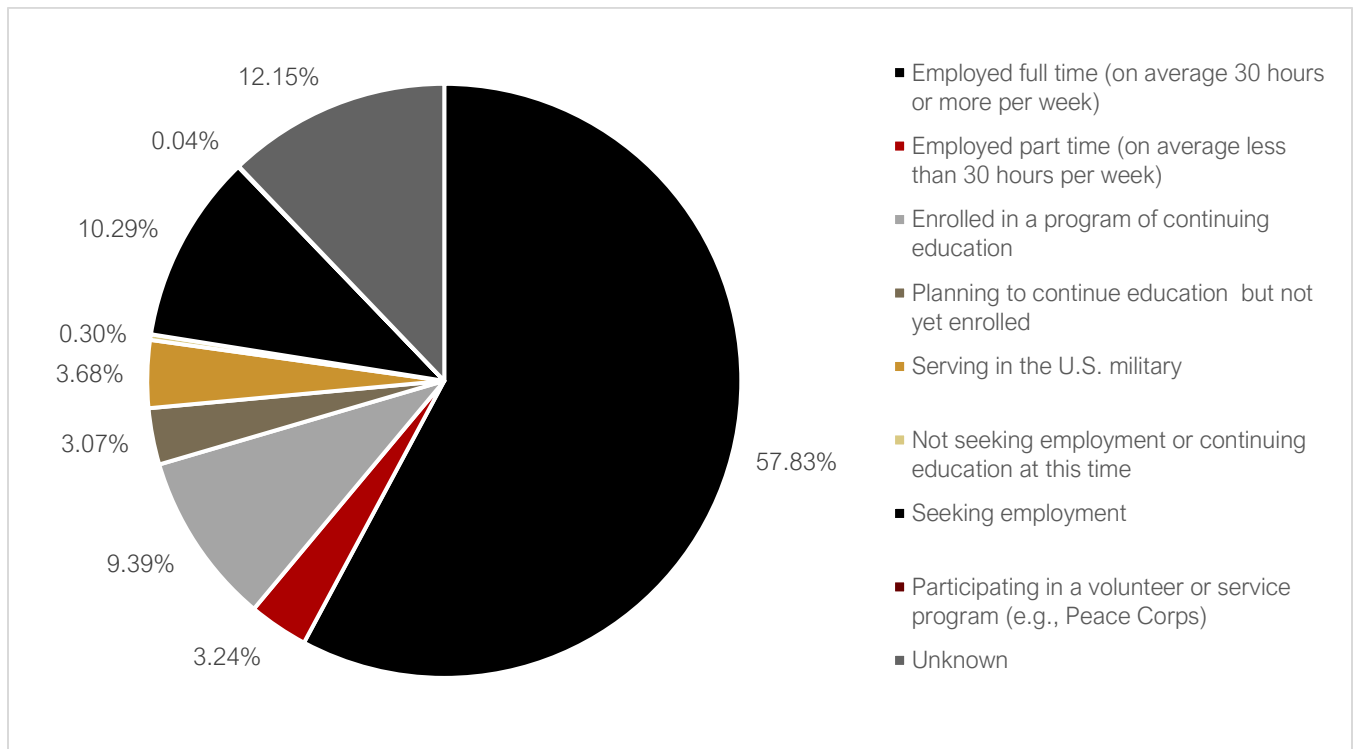

The University of Louisville and Institutional Effectiveness (IE) collect information related to students' continuing education and employment plans after graduation through the following sources:

- Degree Application – collected at the time the student applies for graduation
- Graduating Student Survey – administered between the time the student applies for graduation and the commencement ceremony
- First Destination Survey – administered to the student three months following commencement and open for six months

In combination, these surveys provide useful information regarding students' initial post-graduate plans, their more solidified intentions at the time of graduation, and their actual experiences post-graduation. This report summarizes these self-reported student responses. Responses presented here represent the most recent information collected for each student.

Post-Graduation Plans

For the 2022-23 academic year, 2,312 students earned a Master's or Doctoral degree. Of those students, 2,031 provided information about their primary post-graduation plans.

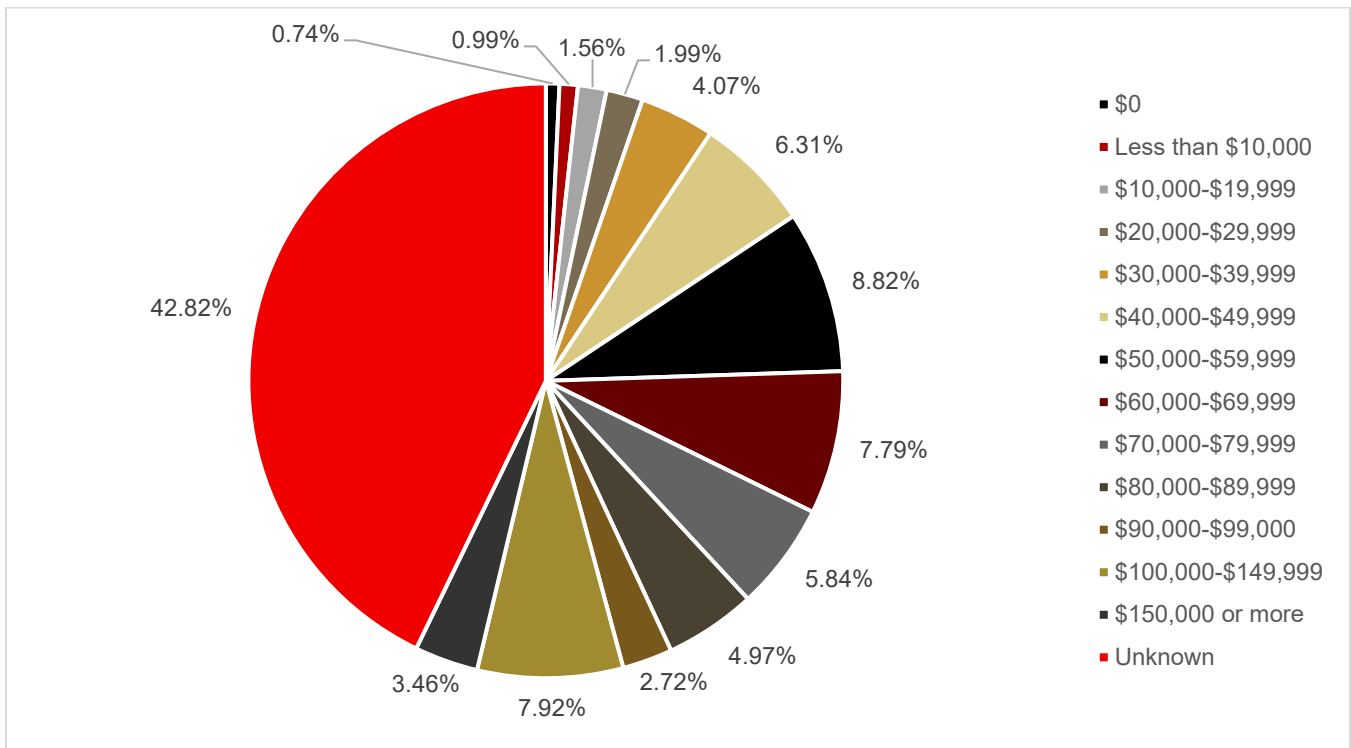

- 57.83% (1,337) indicated they were employed full time (on average 30 hours or more per week)
- 3.24% (75) indicated they were employed part time (on average less than 30 hours per week)
- 9.39% (217) indicated they were enrolled in a program of continuing education
- 0.30% (7) indicated they were not seeking employment or continuing education at that time

- 0.04% (1) indicated they were participating in a volunteer or service program (e.g. Peace Corps)
- 3.07% (71) indicated they were planning to continue education but were not yet enrolled
- 10.29% (238) indicated they were seeking employment
- 3.68% (85) indicated they were serving in the U.S. military
- 12.15% (281) provided no information regarding their post-graduation plans
