

Undergraduate Students Post-Graduation Education and Employment

2022-23 Executive Summary

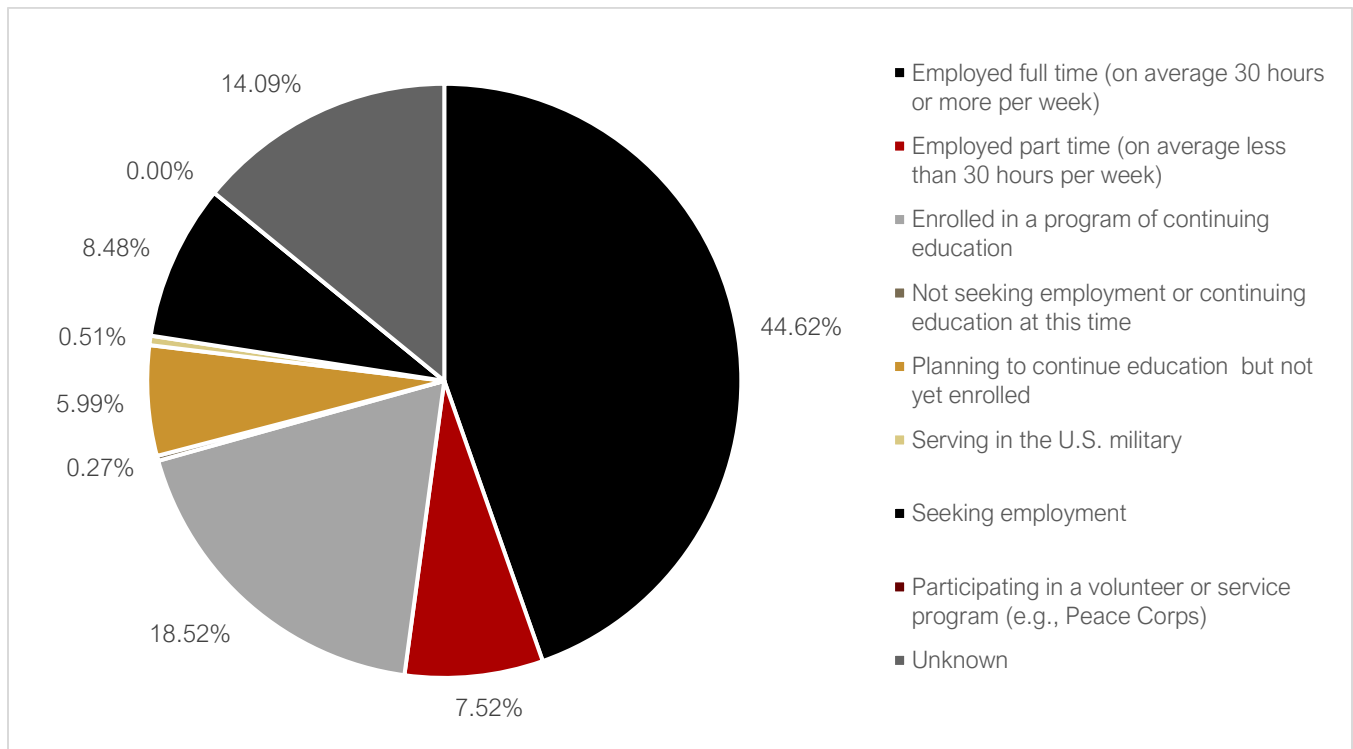

The University of Louisville and Institutional Effectiveness (IE) collect information related to students' continuing education and employment plans after graduation through the following sources:

- Degree Application – collected at the time the student applies for graduation
- Graduating Student Survey – administered between the time the student applies for graduation and the commencement ceremony
- First Destination Survey – administered to the student three months following commencement and open for six months

In combination, these surveys provide useful information regarding students' initial post-graduate plans, their more solidified intentions at the time of graduation, and their actual experiences post-graduation. This report summarizes these self-reported student responses. Responses presented here represent the most recent information collected for each student.

Post-Graduation Plans

For the 2022-23 academic year, 2,938 students earned a Bachelor's degree. Of those students, 2,524 provided information about their primary post-graduation plans.

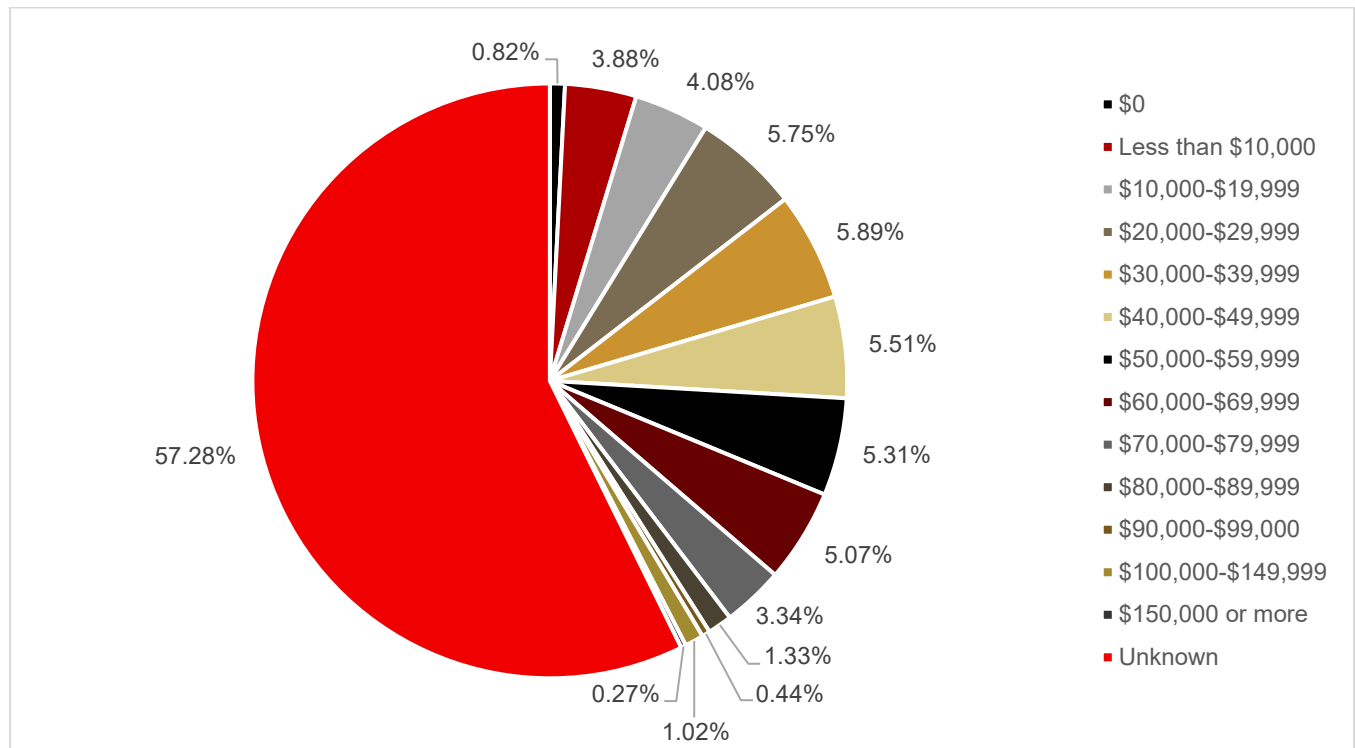

- 44.62% (1,311) indicated they were employed full time (on average 30 hours or more per week)
- 7.52% (221) indicated they were employed part time (on average less than 30 hours per week)
