

**JUST
THE
FACTS**

2024-25

A background image of the University of Louisville campus. In the center, a tall clock tower with a triangular roof and a clock face is visible. To the left, a modern building with large windows and a glass entrance is partially obscured by trees. In the foreground, a group of students is walking away from the camera on a paved path. The entire image has a semi-transparent red overlay.

Facts & Figures

Name:

University of Louisville

Mission:

The University of Louisville pursues excellence and inclusiveness in its work to educate and serve its community through:

1. teaching diverse undergraduate, graduate and professional students in order to develop engaged citizens, leaders and scholars,
2. practicing and applying research, scholarship and creative activity, and
3. providing engaged service and outreach that improve the quality of life for local and global communities.

The university is committed to achieving preeminence as a nationally recognized metropolitan research university.

Access to Quality Education

The University of Louisville marked a new enrollment milestone in the fall 2024 semester with its largest ever incoming first-year class of over 3,000 students. Additionally, transfer student enrollment surged 39.1%, from 868 the previous year to 1,207, reinforcing UofL's reputation as a top transfer destination. The university also recorded its highest overall retention rate of 81.5%. And now, more students across the commonwealth can easily transfer to UofL and pursue a degree after an expanded agreement with each of the Kentucky Community and Technical College System's 16 schools. Initiatives like this helped the university jump 16 spots, the largest rise of any school in the country, on U.S. News and World Report's list of America's Best Colleges.

Research and Innovation Impact

Research and innovation continued to soar to new heights in 2024, with UofL research expenditures totaling an impressive \$220 million.

- The university secured \$24 million to train the next generation of clinical researchers and drive work that can save and improve lives. The funding, which includes \$11.7 million from the National Institutes of Health matched dollar for dollar by UofL, marks the single largest investment in clinical research in the university's history.
- Competitive funding including grants, contracts and clinical trial agreements totaled \$188 million – a nearly 7% increase over the previous year.
- 70 new patents were awarded with the potential to save lives, helping the university reach \$792 thousand in total innovation income, including patent royalties and licensing.
- The Green Heart Project found that people living in Louisville neighborhoods where trees and shrubs were doubled showed lower risk indicators for heart disease and other chronic diseases.

Student Scholars

UofL students expand their horizons and exceed expectation, from prestigious scholars sharing their academic talents abroad to a student making history as the first to receive a highly selective honor that will send her to New York City for two years. Among so much more, UofL is home to:

- UofL's first FAO Schwarz Fellowship recipient
- Four U.S. Department of State Critical Language Scholars
- Three Boren Scholars
- Seven Fulbright Scholars

Since 2003, UofL has produced 175 Fulbright Scholars, more than all other four-year Kentucky public institutions combined.

Robust Budget

UofL’s \$1.72 billion budget for fiscal year 2025 (FY 25) invests heavily in student success, retention and wellbeing; faculty and staff recruitment and retention; and the university’s renowned research enterprise.

Among the highlights of the budget is a \$4.1 million investment in research computing to expand productivity and external funding.

To help mitigate rising tuition costs, scholarship support was increased by \$5.7 million for a total scholarship pool of nearly \$78 million.

Employee compensation remains a priority for FY 25 with an investment of \$17.8 million to increase salaries and wages.

Additionally, the state is making significant investments in UofL. FY 25 state appropriations to UofL total nearly \$180 million.

* Other includes: Gifts, endowments and hospital affiliation funds

Economic Engine

The University of Louisville continues to serve as a force for economic impact in our communities. The commonwealth of Kentucky invested more than \$450 million in UofL, including a \$280 million investment to build the new Health Sciences Simulation Center and Collaboration Hub – the largest amount of funding for a single project in UofL's history. Other investments include \$10.6 million over two years to continue supporting the Kentucky Manufacturing Extension Partnership, which is expected to generate \$150 million to \$200 million per year in economic growth for Kentucky.

Engaged Outreach

The University of Louisville collaborates with organizations from local nonprofits and government agencies to philanthropies and industry partners, with a commitment to working in ongoing partnerships for community impact.

Educational Attainment

UofL faculty, staff and students team up with community partners to work with teachers, parents and students in schools locally and across Kentucky.

Economic Development

Academic and administrative units continue efforts to increase economic opportunities through activities focusing workforce development, business development, applied research, entrepreneurship and innovation.

Social & Human Services

UofL works with community partners to provide direct social and human services, as well as in activities to build capacity for more sustainable neighborhoods.

Health & Quality of Life

Improving health and quality of life is a key focus of community engagement activities across the university. UofL provides direct health services in communities locally, statewide and around the world, as well as major work with partners on arts, cultural and neighborhood development activities to connect community.
