**1. Community Forum Finalization Plans – Arnita Gadson**

Instructions were given for the April 5<sup>th</sup> Community Forum at Jays Cafeteria, 6:00 p.m:

- a. Task Force members are to be there at 5:00 p.m.
- b. Task Force members will be responsible greeting, handing out folders, responding to questions, collecting questions for speakers, distributing pens, pads and maintaining the registration and information tables.

**2. Position Paper – Jonathan Miller**

The Position Paper that was developed by the subcommittee to forward to the new Merger Transition Task Force was read and accepted by the task force present. This will be forwarded to the Merger Transition team, the County Judge Executive and the Mayor.

**3. Risk Assessment/Risk Mgt. Update – Art Williams**

On March 15<sup>th</sup>, the Risk Assessment committee met at the Air Pollution Control District. Included in this meeting were representatives from the community, U of L, industry, APCD, and EPA (through speaker phone). Discussion included an overview of the Chattanooga Risk Assessment Work plan using this as a pattern for the West Louisville Air Toxics Study and the need for a subcommittee to do the details of the plan. An outside contractor will be hired to do the calculations.

A subcommittee was developed to “hammer” out the details in preparation for the collected data to be calculated into the statistical methodology of the work plan. The subcommittee consists of Dr. Harrell Hurst and Dr. Steve Myers from U of L, Clarence Dykstra, DuPont Dow, Pat Moran, Rohm and Haas and Arnita Gadson, West Jefferson County Community Task Force.
