## **History**

This policy is subject to change or termination by the University at any time. This policy SUPERSEDES all prior policies, procedures or advisories pertaining to the same subject.

This policy will be reviewed annually to determine if the policy addresses University risk exposure and is in compliance with the applicable security regulations and University direction. In the event that significant regulatory changes occur, this policy will be reviewed and updated as needed per the Policy Management process.

### Statement:

The University of Louisville (University) issues students and employees (faculty, staff, administrators, and student employees) a University electronic mail (email) account. Additionally, sponsored, gratis, or service email accounts may be granted as needed for conducting University business.

Email records must be retained in order to fulfill academic, administrative and legal requirements and per University, state and federal requirements.

### Reasoning:

The purpose of this policy is to ensure the retention of University information necessary to fulfill academic, administrative and legal requirements.

The [User Accounts and Acceptable Use Policy](#) serves as the foundation for this policy.

### Responsibilities:

**Policy Authority/Enforcement:** Enterprise Information Technology is responsible for the development, publication, modification and oversight of this policy and associated standards. ITS works in conjunction with University Leadership, Information Security Compliance, Audit Services and others for development, monitoring and enforcement of these policies and standards.

**Policy Compliance:** Failure to comply with these policies and standards and/or any related information security and/or information technology policy, standard or procedure may result in disciplinary action up to and including termination of employment, services or relationship with the University and/or action in accordance with local ordinances, state or federal laws.
