Statement:

The University of Louisville (University) is committed to the health, safety, and welfare of Minor Participants in University-sponsored Programs held on and off University property and complying with the laws regarding Mandated Reporting of known or suspected Abuse, Neglect, or Dependency of a Minor.

Youth Protection Program

I. Program Registration

All University activities that involve a Minor, regardless of location, must be registered with the Department of Enterprise Risk and Insurance (ERI). Registration must occur prior to the start date of the Program and be in accordance with the Youth Protection Program Handbook.

Other than the Program's registration and mandated reporting requirements, the remaining portions of this policy will exclude the following:

1. Undergraduate and graduate academic Programs in which Minors are enrolled or accepted for enrollment for academic credit;
2. Events that are open to the general public, do not require registration, and Minors may attend at the sole discretion of their parent or guardian;
3. Events in which a Minor is accompanied by a parent, guardian, teacher, or coach who will provide and be responsible for supervision of the Minor at all times;
4. Programs that have been approved by the Institutional Review Board (IRB);
5. Inpatient or outpatient medical, dental, or psychological care provided to a Minor in a clinical setting, do not have to register; and
6. Normal operations of licensed childcare facilities.

Any Program that involves or may involve a Minor in any capacity must register the Program with the Department of ERI for review and assessment of specific Program requirements. Aside from the limited exceptions noted above, if the University is providing care, custody or control of a Minor, all Youth Programs, Sponsoring Units, Program Directors, Authorized Adults, Participants, and Third-Party Programs will be subject to this policy and to the procedures and guidelines in the Youth Protection Program Handbook.

II. Background Checks

Prior to the start of a Program and having any interactions with Minors, all Program Directors and Authorized Adults must have a verified current criminal background check. Background checks are required at a minimum of every three (3) years.

If there are changes to the criminal background of an Authorized Adult or Program Director, a [Self-Disclosure Report](#) must be completed to notify ERI of any changes to the individual's criminal background check record. Based on the Self Disclosure Report or any other disclosures, ERI and the Program Director reserve the right to require a repeat criminal background check.

All criminal background checks must be completed in accordance with the Youth Protection Program Handbook.

III. Training

All Program Directors and Authorized Adults must complete training in accordance with the Youth Protection Program Handbook. Program Directors, in consultation with ERI, reserve the right to enhance the training requirements for Authorized Adults based on the Program's specific needs.

IV. Participant Registration and Release

All Minors participating in a Program under the purview of this policy must complete a registration with that particular Program and have a Release Form signed by the Minor's parent or guardian for risks involved with Program participation. Additional Program specific risks not included in the release may be added as an addendum with the approval of ERI. See the Youth Protection Program Handbook for registration requirements and release form processing.

V. Program Approval

All Programs must be approved by ERI for compliance with this policy and the Youth Protection Program Handbook procedures prior to the start of the Program. ERI will review all Program documentation and electronically notify the Program Director that their Program has been approved and in compliance with this policy and Youth Protection Program Handbook.

No Program may operate without approval from ERI.

VI. Adequate Supervision

All activities involving Minors must be supervised by at least two or more Authorized Adults or by their parent or guardian, at all times. When determining "adequate supervision", it is important to consider the number and age of Participants, the activity or activities involved, type of housing if applicable, and age and experience of the Authorized Adults. See the Youth Protection Program Handbook for specific ratios of supervision required based on the age and operation type.

Any exceptions to supervision requirements must be approved by ERI and be in accordance with the Youth Protection Program Handbook.

VII. Third-Party Programs

All Third-Party Programs must have a University Sponsoring Unit. Third-Party Programs are required to comply with this policy and the Youth Protections Program Handbook which includes the following:

1. Establish a contractual license agreement with the University's Sponsoring Unit;
2. Provide proof of liability insurance in accordance with the requirements provided in the Youth Protection Program Handbook;

3. Comply with contractual agreements of criminal records checks, training, and mandated Abuse reporting requirements; and
4. Complete the same registration and approval process, via the Sponsoring Unit, as other University-sponsored Programs.

VIII. Incident Reporting

All Class I and II Incidents, involving Participants, Authorized Adults or others affiliated with the University, must be reported to ERI via the Youth Protection Program - Incident Report Form in accordance with the Youth Protection Program Handbook. ERI will report the incident to other necessary departments and offices, including but not limited to, University of Louisville Police Department, University Integrity and Compliance Office, Title IX Office, Office of Student Affairs, etc. for their review and investigation, as determined necessary, and for additional processing, trends, and tracking.
