## **History**

This policy is subject to change or termination by the University at any time. This policy SUPERSEDES all prior policies, procedures or advisories pertaining to the same subject.

This policy will be reviewed annually to determine if the policy addresses University risk exposure and is in compliance with the applicable security regulations and University direction. In the event that significant regulatory changes occur, this policy will be reviewed and updated as needed per the Policy Management process.

Approved March 4, 2011 by the Strategic Technology Executive Committee

### Statement:

The University provides voice mail messaging to its faculty, students and staff for educational, research, and internal business purposes.

### Reasoning:

The purpose of this policy is to promote the appropriate and effective use of University of Louisville's voice mail system.

The [Acceptable Use Policy](#) serves as the foundation for this policy and addresses issues related to privacy and disclosure.

### Responsibilities:

**Policy Authority/Enforcement:** Enterprise Information Technology Management is responsible for the development, publication, modification and oversight of this policies and standards. Information Technology will work in conjunction with University Leadership, Information Security, Audit Services and others for development, monitoring and enforcement of this policy and standards.

**Policy Compliance:** Failure to comply with these policies and standards and/or any related information security and/or information technology policy, standard or procedure may result in disciplinary action up to and including termination of employment, services or relationship with the University and/or action in accordance with local ordinances, state or federal laws.
