I. Call to Order

Having determined a quorum present, Chair Minnifield called the meeting to order at 1:20 p.m.

II. Consent Agenda

Chair Minnifield read the consent agenda items.

A. Approval of Minutes

- Minutes from Board Meeting, 02/16/2012

B. From the Personnel Committee

- Approval of Monthly Personnel Recommendations (March, April)
- Approval of Alumni Fellow Awards

C. From the Finance Committee

- Action Item: Approval of Capital Construction Projects

D. Approval of Graduates and Candidates for Degrees, May 2012

Judge Jackson made a motion, which Mr. James seconded, to approve the consent agenda items. The motion passed.

III. Report of the Trustees Award Committee Action to Adopt Committee's Recommendation

2011 Recipient

Committee Chair Wood noted due to various scheduling difficulties, 2011 Award Winner, Prof. John Cumbler had not been recognized at a past board meeting. Prof. Cumbler had attended May 2011 commencement ceremonies the award. Ms. Wood displayed the plaques located in the Swain Student and received Activities Center where plaques honor the Trustees Award recipients. She further noted funds for the award were solely derived from trustee donations specifically for this purpose. Prof. Cumbler received a round of applause and thanked Board members for this special recognition. Board members congratulated and thanked Prof. Cumbler for his dedication and work.

2012 Award Nominee

Committee Chair Wood reported the Trustees Award Committee met recently and reviewed candidates for the 2012 award. She thanked committee members for their time in reviewing the information in selecting a nominee this year. The Committee was impressed with the nominations. Although all nominations were exceptional, one nominee stood out. The Committee selected Prof. Van Clouse from the College of Business. Ms. Wood provided a summary of Prof. Clouse's accomplishments, which include holding the Cobb Family Professor of Entrepreneurship since October 1999, creating internationally-recognized business plan competitions, founding member and team lead of the Integrative MBA program since 1993, and serving as coach for many iMBA teams. Most notably, she said he founded the Cardinal Challenge in 2008 and probably was best known for his work with TNG Pharmaceuticals, a new business developed by MBA students at UofL's Forcht Center for Entrepreneurship which won the 2011 Global Championship at Venture Labs Investment Competition (referenced by many as the "Super Bowl: of business plan competitions).

More than 400 teams compete from around the world in the Rice Business Plan Competition. The UofL Kentucky Chia team recently won first place at the UC Spirit of Enterprise Graduate Business Plan Competition hosted by the University of Cincinnati. The Chia team brought home \$10,000 Champion Award and an automatic bid to the 2012 Venture Labs Investment Competition. Prof. Clouse's team, Kentucky Chia, is one of only 42 teams accepted to compete in this competition April 12 – 14, 2012 in Texas.

Ms. Wood said the Committee recognized Prof. Clouse's success as very special. Ms. Wood made a motion, which Judge Jackson seconded, to approve the

**Trustees Award Committee's recommendation that the Board of Trustees approve Professor Van Clouse as the 2012 Trustees Award recipient**

The motion passed.

IV. Action Item: Authorization of Lease to ULF

President Ramsey reported the UofL Foundation purchased a 33-acre parcel contiguous to the University's six acres of land south of Speed Engineering. With the addition of the six acres, the 39 acres will be developed as a research park for engineering and applied sciences. President Ramsey outlined plans for the project. Already, the Foundation has interest from a potential tenant to build on site and to construct a pedway over the railroad to connect to the Duthie Center in Speed. The President showed slides of the existing property and noted the University awaited approval of its Tax Incremental Funding application. He discussed both the historical and current use of the property. The President said the research park will complement similar development efforts underway at the Shelby Campus and the downtown Haymarket property. The President further discussed road improvements planned to upgrade access to the business and research park, including making Iowa Avenue a new access point. Funds for the road improvements have been included in the Kentucky House-passed version of

the six-year state road plan; however, the Senate has not yet passed the plan. Ms. Moore made a motion, which Mr. James seconded, to approve the

**President's recommendation that the Board of Trustees authorize a ground lease to the UofL Foundation of six acres north of the Foundation's KYT property and south of the Norfolk Southern rail line and southeast of the intersection of 3<sup>rd</sup> and Eastern Parkway for the purpose of developing the tract by ULDC.**

The motion passed.

V. Action Item: Approval of Capital Construction Project

President Ramsey reported this project will add approximately 18,000 square feet to the Schnellenberger Football Complex. This includes about 11,500 square feet added to the weight room, 4,000 square feet to the training room and 2,500 for storage, mechanical and electrical space. The project also includes equipment for the new space and an update to the current space. The expansion will enhance training and athletic preparation. It will be funded through the Cardinal Athletic Fund. The President noted Board of Trustees' authorization is requested for this project because the Athletic Association does not meet until June 5, 2012. Since this project was not included in the University's authorized capital budget, the University will seek approval of the Council on Postsecondary Education (CPE) on April 20th and the Capital Projects and Bond Oversight Committee (CPBOC) in May. Construction will begin in the Fall of 2012. Mr. James made a motion, which Ms. Scoppechio seconded, to approve the

**The President recommends that the following project be approved:**

<b>PROJECT</b>	<b>ESTIMATED COSTS</b>	<b>FUND SOURCE</b>
<b>Schnellenberger Football Complex Addition</b>	<b>\$7,500,000</b>	<b>Athletic Assn. Gifts</b>

The motion passed.

VI. Action item: Approval of Revisions to Mission Statement

The President and Provost discussed revisions of the Mission Statement. After lengthy discussion by board members, the Board postponed a decision on this item for further administrative review.

VII. Report of the UofL Foundation

As a Trustee member of the Board of Directors of the U of L Foundation, Dr. Selvidge reported on the UofL Foundation's endowment's performance during the last four quarters:

1<sup>st</sup> quarter = +2.8%  
2<sup>nd</sup> quarter = +0.4%

3<sup>rd</sup> quarter= -8.4%  
4<sup>th</sup> quarter= +3.7%

Dr. Selvidge reported during January 2012, the endowment earned 4%, and in February 2012 the endowment earned 2.8%. The overall preliminary figures for first quarter 2012 are in the 7-8% range. He recognized the Foundation's endowment outperformed its actual asset allocation benchmark by 150 basis points. He provided a copy of the performance chart for the Foundation portfolio. Chair Minnifield thanked Dr. Selvidge for his report.

#### VIII. Report of the President

President Ramsey welcomed back Dr. David Dunn. Dr. Dunn had undergone open heart surgery approximately five weeks ago, and he is doing well. Dr. Dunn remarked on the excellent care he received while undergoing treatment at the University Hospital by University physicians and hospital staff.

The President gave an update on many of the activities taking place: alumni outreach programs and donor events, including an event hosted by Trustee Owsley Frazier in Phoenix, Az., during the Sweet Sixteen basketball tournament. He said plans were in the works for a celebration commemorating the Men's Basketball Team's success as Big East Tournament champions and Final Four participants. He commended both the women's and men's basketball teams for their determination and character.

The President summarized the status of the legislative session, recognizing the expected budget cut would be very difficult. The University has endured state funding cuts eleven straight years which has lowered morale on campus. He noted some positive budget items included agency bond projects where the University would amortize its own revenue for projects.

He listed many events coming up in the next six weeks:

- Grawemeyer Events: April 9 – 13
- Fort Knox Partnership: April 13
- Budget Forum: April 19
- Student/Faculty Recognition Programs/Events
- Derby Activities
- Golden Alumni Weekend: May 11 – 12
- Commencement Activities: May 12

The President encouraged board members to thank State Representative Larry Clark for his work with the six year road plan and working so diligently for indigent care in this state. Rep. Clark has fought hard to ensure not only state funds, but also Metro Louisville funding (which will be submitted in May) continue for indigent care.

#### Locomotor Training

The President showed a video aired by ABC's Good Morning America. It depicted the incredible journey of a young paralyzed man, Janne Kouri. Kouri was defensive tackle at Georgetown University with NFL aspiration, who hit his head on a sandbar in the ocean and became instantly paralyzed. Mr. Kouri and his determined fiancée sought the help of Dr. Susie Harkema and her work with locomotor training. Locomotor training reteaches the spinal cord how to control motor functions, such as walking, through repetitive motion. They lived in Louisville for a year while undergoing treatment by Dr. Harkema and the team at Frazier Rehab. They returned to their home state of California. With no community facilities offering locomotor training, they, along with the support of family, friends and Dr. Harkema's guiding influence, started NextStep. NextStep's mission is to serve individuals living with paralysis and all other physical disabilities. Mr. Kouri and Ms. Moffat married, and he has learned to walk.

### Team Mintrus

The President introduced Dean Pinto, Prof. Rammohan K. Ragade and the Speed School students comprising UofL's Team Mintrus. Team Mintrus is competing in Microsoft's national Image Cup competition. The competition encourages students to use computer design to address global issues. Team Mintrus competed last year with a tower defense game that raises awareness of AIDS. They made the Microsoft employees recommended changes and are competing again along 100 teams in the U.S. competition. Ten winners will compete internationally. The students showed a video of their project and fielded questions from the board members. Board members congratulated the team and wished them well.

### Greek Life

The President introduced Dean Mardis. Dr. Mardis thanked President Ramsey for his support of Greek Life on campus. UofL has 30 Greek organizations, up from 22 in 2006. There are 1663 UofL students affiliated with the Greek system, compared to 1012 in 2006. The Office of Greek Life assists those chapters in maintaining local and national requirements as well as serves as a liaison between collegiate chapters, alumni, parents, and the university. The staff provides educational programs and services that support the ideals of Greek Life by challenging members to live by their purpose, monitors academic performance of fraternity and sorority members, and recognizes positive achievements of the organizations. Its mission is to be an advocate for fraternities and sororities within the University's administration and promote an understanding of members' rights and responsibilities as defined by University rules and regulations. The Office of Greek encourages fraternity and sorority organizations to provide experiences that promote growth, development, friendship, and education of members. An important component of Greek life is community service. Students involved in Greek organizations on campus have logged 34,000 hours of community service within their Greek organizations.

Dean Mardis boasted the University's success in having all nine historically Black Greek letter organizations that make up the Divine 9 Panhellenic Council, which he said not many campuses have all nine. Two students, A J Williams and Clem Thomas, from Omega Psi Phi performed for the board. Dean Mardis introduced Joni Burke and Kellynn Wilson of the Greek Life office and commended their work and successes. Student sorority members introduced themselves. Dean Mardis referenced two long-standing traditions: homecoming step show and Fryberger Sing. The Omega Psi Phi won the regional competition for the step show. The Fryberger Sing is a musical competition for sororities and fraternities held each year in early March. Created in 1937, the Fryberger Sing competition honors Mrs. Agnes Moore Fryberger, a faculty member who taught music at UofL. Dr. Cosby commended the Greek life organizations for their community service and expressed optimism for continuing to build a bridge between the University and the community. Upon adjournment of the meeting, Dean Mardis invited board members to the Rotunda for a brief performance by the Fryberger Sing winners.

IX. Adjournment

Dr. Hughes made a motion, which Ms. Scoppechio seconded, to adjourn the meeting at 2:45 p.m. The motion passed.
