I. Call to Order

Having determined a quorum present, Chair Frazier called the meeting to order at 1:20 p.m.

II. Consent Agenda

A. Approval of Minutes

- Minutes from Board Meeting, 02/08/2011

B. From the Personnel Committee

- Approval of Monthly Personnel Recommendations
- Approval of Grawemeyer Award in Education
- Approval of Alumni Fellow Award, College of Arts & Sciences
- Approval of Delegation to President Regarding Faculty Grievances

C. From the Finance Committee

- Approval of Capital Construction Project: Miller IT Roof Replacement

D. Approval of Graduates and Candidates for Degrees, May 2011

Chair Frazier read the consent agenda. Hearing no objection, Mr. Fryrear made a motion, which Judge Jackson seconded, to approve the consent agenda. The motion passed.

III. Report of the Trustees Award Committee

Chair Wood reported trustees established this award in 1989; it recognizes faculty for making outstanding contributions to the student experience. The award, \$5000 after taxes, is paid directly to the recipient from funds donated by the trustees. The Trustees Award Committee received very impressive nominations. Ms. Wood stated the selection was very difficult.

One of the students who nominated Dr. Cumbler praised him for approaching his teaching with a seriousness of purpose and a devotion to his students. His pedagogical approach and curricular decisions are driven by the effect on students, both as budding scholars and as individuals. Ms. Wood said Dr. Cumbler is a professor in the department of History in the College of Arts and Sciences but currently is on sabbatical, the reason he did not attend this meeting. On behalf of the Trustees Award Committee, Ms. Wood made a motion, which Ms. Abrams seconded, to approve the

Trustees Award Committee's recommendation to approve Prof. John Cumbler as the 2011 Trustees Award recipient.

The motion passed. Although not for discussion at this meeting, the Committee discussed recommending to the Board the possibility of two awards.

IV. Action Item: Approval to Enter Into An Agreement with Speed Art Museum

President Ramsey reported in 2006 the University and Speed Art Museum entered into an Agreement in which the University agreed to relocate the Turnaround Easement granted to the Speed Museum in 1997 and granted the Museum an option to add certain real property to the tract of land set aside for the use of the Museum (Robbins Hall Property). Provost Willihnganz said the University and Museum now desire to change, in certain respects, the boundary line of the tract set apart for the use of the Museum, and memorialize certain agreements, approvals and consents relating to the Museum's construction, maintenance and operation of expanded Museum facilities on the Robbins Hall Property. Chair Willihnganz recognized Vice President Owsley for his work on this project. Judge Jackson made a motion, which Ms. Scoppechio seconded, to approve the

President's recommendation that the Board of Trustees authorizes the President or his designee to negotiate and enter into an Agreement with the Speed Art Museum to revise certain provisions of the 2006 Agreement regarding easements and land use options.

The motion passed.

V. Action Item: Approval of HSC Professional Practice Plan Revisions

President Ramsey noted Dr. Larry Cook, at the March Finance Committee, provided a comprehensive briefing supporting this recommendation. Dr Ramsey reminded the Board that the revised plan, effective January 1, 2012, will combine more than 60 practice entities into one, with 16 major components.

Dr. Cook said the professional practice plan is crucial for the School of Medicine to maintain faculty excellence in teaching, research and patient care, and to assure faculty professional time fulfills academic responsibilities. The present Professional Practice Plan (the "Plan") was adopted by the Board of Trustees on December 17, 1991. It has been amended several times to simplify operation, but has continued to rely on an extensive diversified collection of recognized practice groups (some multiple practice groups within a single clinical department). This method of organization became increasingly cumbersome and costly over time. Since 2008, a working team of faculty, including Chairs of the School of Medicine clinical departments, has worked on amendments to better organize the practice groups. The faculty of the School of Medicine approved the adoption of these amendments by a significant majority vote in December, 2010.

Dr. Cook briefly noted the major change replaces the multiple practice groups currently in the Plan with a single practice entity for each clinical department in the School of Medicine. These practice groups have formed the University of Louisville Physicians, Inc. These Plan revisions will facilitate an integrated

multispecialty group practice. Certain technical changes also conform the Plan to this new organizational structure, and solidify the revenue contributing to the Dean's Fund.

In order to give adequate time for the reorganization of the practice groups, and for University of Louisville Physicians to begin operations, the changes to the Plan are proposed to become effective January 1, 2012. Ms. Wood made a motion, which Judge Jackson seconded, to approve the

President's recommendation that the Board of Trustees approve the amendment to the University of Louisville School of Medicine Professional Practice Plan (the "Plan") as attached, effective January 1, 2012.

The motion passed.

VI. Information Item: Update On

Proposed Student Recreation Center

Ms. Abhari introduced Deep Aggarwal, SGA Vice President. Mr. Aggarwal presented information on a proposed 128,000 sq. ft. student recreation center on the west side of Belknap Campus, which would include all-purpose courts, racquetball and squash courts, a weight room, meeting facilities and an outdoor, artificial-turf field. He noted SGA has included the recreation center as its highest priority in its 2020 Plan and it supported a \$98 per semester student fee to fund the facility. The University administration has begun approaching support for this construction. Construction could begin as early as this year, pending approval by the board and the Council on Postsecondary Education.

The President and board members applauded the Student Government Association representatives for their leadership.

Scholarships

Provost Willihnganz presented information highlighting the University's commitment to provide more than \$51.2 Million in financial aid this year, including more than \$27.2 Million in general fund scholarships and grants to over 5,600 undergraduate students. Departmental grants, endowment and gift awards and tuition remission for state-mandated programs, UofL faculty and staff, and UofL employee families accounted for the other \$24 Million.

VII. Report of the UofL Foundation

Dr. Selvidge reported the UofL Foundation's endowment has made remarkable progress and provided a handout with information on its total return on investments. The report is for period ending December 31, 2010.

VIII. Report of the President

President Ramsey provided an update on the Capital Campaign since the public phase kicked off in November, 2010. To date, the University has raised \$428.5 Million toward its \$750 Million goal. The President also briefed the board on the recent Phi Beta Kappa visit. Dr. Ramsey discussed the budget process, noting the many steps involved in drafting the budget which began with a task force on tuition and fee setting, meeting with faculty and staff senates, student government leadership, vice presidents and deans, a budget advisory committee, and holding tuition forums with a Trustee workshop during the May Finance Committee meeting. The final operating budget for 2011-12 will be recommended to the Board of Trustees at its June meeting.

IX. Executive Session

Ms. Abrams made a motion, which Dr. Hughes seconded to go into executive session at 2:35 p.m. to discuss business matters pursuant to KRS 61.810(1)(g). The motion passed.

X. Open Session Reconvenes

Chair Frazier reconvened the open session and reported a business matter was discussed. No action was required.

XI. Adjournment

Ms. Abrams made a motion, which Dr. Selvidge seconded, to adjourn the meeting at 3:40 p.m. The motion passed.

2011 Alumni Fellows College of Arts and Sciences

Angela Ford received her bachelor's degree from the University of Louisville, attended the University of Kentucky for Law school and obtained her law degree at Northern Kentucky University.

She stands only 5-foot-3 and says she weighs “just north of 100 pounds.” She has said she once was so painfully shy that the thought of speaking before a group would cause her stomach to knot and her hands to perspire. She disliked school, earning mostly Bs and Cs at Louisville's Mercy Academy, and in her first year after high school she worked as a dental hygienist. But Angela Ford grew increasingly confident as she grew older, and went on to become the first female student government president at the University of Louisville. And now the 51-year-old lawyer has proven herself on a much larger stage. Taking on powerful interests, virtually by herself, the Lexington practitioner helped expose one of the biggest legal scandals in U.S. history — the theft of tens of millions of dollars from Kentuckians injured by the diet drug fen-phen.

Her five-year fight culminated last month in the sentencing of disbarred lawyers William Gallion and Shirley Cunningham Jr. to long prison terms and a court order of \$127 million in restitution to her 423 clients, who previously were represented by those same lawyers. Ford will get one-third of what is recovered; she's been paid about \$7.5 million so far, although part of that has gone to other lawyers who assisted her. Fellow lawyers applaud Ford's perseverance in what many say was a long-shot challenge against targets that included a judge once named Kentucky's co-judge of the year.

“If somebody had come into my office with this case, I would have said, ‘You've got to be kidding,’” said Louisville trial lawyer Gary Weiss. “She took a difficult case and spent a fortune of time and money, and (has) done a service to her clients and society.” “She ought to get the lawyer of the year award,” Weiss said, “maybe lawyer of the decade.”

Ford grew up in Audubon Park, one of eight children of John H. Ford, now 87, and Gladys Ford, 80. “She became a strong advocate for what she thinks is the right thing to do,” said her mother, who was assistant to the dean of music at the University of Louisville. As UofL student body president, Angela Ford became known to the board of trustees, including then-Humana chairman and chief executive David Jones, who remembers her as “tenacious.” “She was tiny but had a big brain and a big heart, and a lot of moxie,” said Jones.
