Digital Competency Subcommittee:

Hagan provided an update. Hagan met with Jason Zahrndt from the Digital Media Suite, and they are interested in a Cardinal Core designated partnership with Cards Create. The subcommittee is going to try to identify Cardinal Core instructors/courses that have good digital competency and encourage them to have their students submit for the showcase/prizes. The key to the Cards Create is that students have to submit, but faculty can encourage submissions. The subcommittee is going to meet again on January 13 to discuss further and compile a short list of faculty/courses to target. They can review the Cards Create archives for past submissions and mine the faculty from Adobe Day of Discovery. The subcommittee is also discussing having informative sessions with Delphi, like during the Adobe Day of Discovery.

Next Meeting:

Next CCCC meeting is on Friday, January 20, 2022, from 2:30pm-4:00pm at Ekstrom Library, Room E254.
