

Scenario	Criteria	Classes	HSC courses and clinics	Essential Employees*	Non-Essential Employees* and Instructors (anyone teaching a course)	Events and Campus Activities	Messaging: Website Banner	Messaging: RAVE alert message
Remote classes/work Classes moved to temporary remote instruction. Offices work remotely	 Health and/or safety concerns related to in-person/on-campus activity Remote instruction and work possible for majority of campus community	 Instructors of in-person classes move to TRI (temporary remote instruction). Instructors encouraged to use asynchronous TRI rather than synchronous TRI. Online courses (synchrous and asynchronous) operate as usual (i.e. as stated in the schedule of classes). Instructors contact students via Blackboard/RedMed and email to indicate instructional plan and any changes to assignment due dates. See here for more information regarding Continuity of Instruction: https://delphi.louisville.edu/teaching-resources/continuity-of-instruction	 UofL Hospital and associated clinics, will remain open and operational. Employees and medical and dental students, residents, and fellows in clinical and patient care roles should follow their department's remote work procedures.	 On-site attendance is required	 Employees who can work remotely are expected to do so Instructors (all those teaching a course) work remotely	 Discourage on-campus events and activities. Move to remote or reschedule where possible.	 UofL will be moving to remote classes/work on <date >. In-person classes will move to temporary remote instruction. Online courses will operate as usual (i.e. as stated in the schedule of classes). Offices will work remotely. Essential services, including UofL Hospital and associated clinics, will remain open and operational. Employees in clinical and patient care roles should follow their department's remote work procedures. A list of open student facilities can be found here: https://louisville.edu/weather/student-facilities	 UofL classes/work will be remote on <date>. UofL clinical affiliates facilities are open. See <link> for more details.
Delayed Start or Early Release All classes including in-person, blended, and online will not meet Offices closed	 Immediate/severe threat to health and/or safety of in-person operations Timely transition to remote instruction/work not possible for majority of campus community	 Delayed Start: All classes, including in-person and online, scheduled to end before the delayed start are canceled. Classes scheduled to be in session will resume at the delayed start time. Classes starting after the delay meet as scheduled Early Release: All classes, including in-person and online, that are in session during an early release time will meet until the early release time. Classes that are scheduled to start after the early release time will not meet. For those classes that did not meet in their entirety due to a delayed start or early release, assignment due dates are suspended. Revised due dates to follow reopening.
