

# Against the Grain Brewery and the Louisville Underground Science

are proud to present 'Beer with a Scientist', a monthly series to  
inform and educate the public on diverse scientific topics

Paul Rosen, Ph.D. will address the question:

**Paying attention to  
increased ADHD rates:  
increased prevalence,  
over diagnosis or a  
better understanding?**

**Admission is Free!**

**8:00-9:00PM**

**Wednesday, June 10th, 2015**

**At Against the Grain Brewery  
401 E. Main Street, Louisville, KY**

Dr. Rosen is an assistant Professor in the Department of Psychological  
and Brain Sciences at the University of Louisville.

**30 minute presentation**

**followed by informal questions and answers**
