Questions & Answers

UofL Belknap Campus Lighting

Improvements IB-029-25

1. **Q:** The fixture count that I am getting for the project is OL1 (14), OL2 (221), & OL3 (16). The drawings state OL1 (14), OL2 (220), & OL3 (18), can you have the engineers check their counts on the drawings to show how many fixtures are to be installed for the project?

A: Quantity revisions will be responded per addendum.

- OL2 will be revised to 221 each.
- OL3 will remain at 18 each (double-head fixtures in Section 5).

2. **Q:** Can I get a depth for the pole bases that we are to provide for the OL1 Fixtures? They show the width and all of the other items needed in the detail but I don't see where they state the depth of the pole base.

A: Please reference Plan Sheet E2.0 Fixture Type OL1 Pole Base Detail for a depth dimension of 60”.
