**Register by 10/29/07** Rachel Cummins—[Rachel.Cummins@louisville.edu](mailto:Rachel.Cummins@louisville.edu) or 852-1827

**Overview:** SPSS is a user-friendly tool for analyzing clinical data. This workshop will be geared toward clinicians and clinical researchers who want to perform simple statistical analyses. Participants will be taught how to effectively use SPSS to conduct many traditional statistical analyses used in clinical research and when to employ those techniques.
