Advanced Leadership Course (ALC)

240-Hour Training Course - Tuition: \$3800

Session Dates:

Aug. 17-28, 2026 / Sept. 14-25, 2026 / Oct. 19-30, 2026

The Advanced Leadership Course (ALC) is SPI's 240-hour flagship educational program for law enforcement leadership personnel which provides the foundation for practical law enforcement administration and a comprehensive overview of management practices. This course is offered in three (3) two-week sessions (in person) over a period of three months, supplemented with periodic virtual coursework. This hybrid format maximizes the impact of networking and collaboration between students, while simultaneously minimizing the impact of training time to the participating agencies. The challenging course complements SPI's AOC, and is traditionally held off campus at host agency sites.

The ALC is designed to engage with changing social, economic, and political environments associated with local, state and federal units of government. Students will gain an understanding of effective modern strategies in policing, leadership, and management with an emphasis on the practical application and implementation of these strategies in their agencies. Graduates are awarded the Organizational Management Certificate from the Southern Police Institute and will be introduced to an extensive alumni network focused on advancing law enforcement efficiencies through evidence-based practice and community engagement.
