Simulation Center (SPI TRAINS)** presents

Trauma-Informed Policing (TIP)

40-Hour Training Course

Tuition: \$1000.00

Course Details:

Format: Classroom with applied field

Laptop required

Course Description

This 40-hour Trauma-Informed Policing (TIP) course is designed for law enforcement officers at all levels. The course provides practical tools to (1) recognize trauma in and out of the workplace and (2) respond effectively to trauma experienced by officers and the public. Participants will also develop effective trauma-informed policy using evidence-based practices.

Learn from instructors with more than a decade of experience implementing trauma-informed responses in policing.

Training Topics

- Police trauma, stress, and burnout
- Officer wellness and evidence-based programming
- Trauma among victims, suspects, and community members
- Adverse Childhood Experiences (ACEs)
- Procedural justice
- Victim-centered responses
- Mental health and substance-use related calls
- Trauma-informed policy application

Who Should Attend

Officers of any rank: Patrol, investigations, supervision, and command. No prerequisites.

Dates

May 18-22, 2026

Location

**Wethersfield
Police Department**
250 Silas Deane Hwy
Wethersfield, CT 06109
