

Staff Senate
Consensual Relations Policy Review Committee

The full committee met on Monday, April 27, 2020.

The committee reviewed and discussed some of the most recent edits to the draft policy. Discussion focused primarily on the “Policy Statement” section of the draft, where members of the committee debated issues such as whether or not there should be a completed ban on some types of relationships or just require management plans; what would a management plan look like and who/what office would be responsible for creating and monitoring its implementation; and can we require students to abide by a management plan.

Committee members will continue to revise and edit the draft policy between now and the next set of meetings.

The full Consensual Sexual Relations Policy Review committee is scheduled to meet next on Monday, May 11th and Friday, May 22nd.

Barbara Bishop, Staff Senate Representative
