

## **STAFF SENATE GRIEVANCE COMMITTEE**

### **October 13<sup>th</sup>, 2020 Meeting Report**

There have been no grievances filed since the last full Senate meeting. As mentioned in last month's report, several SGC members volunteered to assist in a research project detailing the makeup of grievance committees at other benchmark institutions. We have completed this research, but have not had a chance to discuss it yet as a full committee. We have also scheduled our orientation/training meeting for October 28<sup>th</sup> with members of HR (Mary Elizabeth Miles, Donna Ernst, Angela Sparks), the Ombuds office (Dr. Diane Tobin), and the Staff Grievance Officer (Will Adamchik). Although many of us are holdovers from last year, we do have two relatively new members who should benefit from this training, and it never hurts for even long-running SGC members to have a refresher course on effective and appropriate interviewing techniques.

Respectfully submitted,

Jason Beare
