

STAFF SENATE GRIEVANCE COMMITTEE

December 8th, 2020 Meeting Report

As mentioned in November's report, the Staff Grievance committee received a grievance just prior to last month's full Staff Senate meeting. A small hearing committee consisting of 4 members of the Staff Grievance Committee met with our recent grievant, the first line supervisor, and a witness in the case. The recommendation of the grievance committee was submitted to all parties on November 20th. The final grievant authority agreed with the SGC recommendation, and the disciplinary action was upheld.

Respectfully submitted,

Jason Beare
