

STAFF SENATE GRIEVANCE COMMITTEE

June 8th, 2021 Meeting Report

The grievance mentioned in last month's full Senate meeting has concluded. After meeting with the grievant as well as the first- and second-line supervisors, the SGC hearing committee unanimously voted to uphold the written warning. The final grievant authority agreed with this recommendation.

A meeting to begin a review of the Staff grievance policy is scheduled for June 21st. Attendees will include myself, PED Chair Virginia Hosono, Mary Elizabeth Miles, and Donna Ernst. We hope to make this policy review a collaborative effort involving members of SGC, PED, CODRE, COSW, the LGBTQ Center, and perhaps other constituent bodies to be determined at this initial meeting. Updates from this review process will be sent along as they occur.

Respectfully submitted,
