

Parking Advisory Committee

Date: 5/6/2021

Attendees: Gary Becker, Melissa Taylor, David Parrott, Kathy Brashear, Martin Brown, Tammy Lawson, Glenn Gittings, Ricardo Caicedo, Monica Negrón

1. EV Charging Station Procedures-
 - a. David Parrott & Tammy Lawson provided committee with research from other institutions on their EV charging processes
 - b. Questions from review of information
 - i. Allowance of vehicles to charge at standard electric outlet? Gary is reaching out to Physical Plant to get response whether permitted or not
 - ii. Enforcement of spaces- How?
 1. Charge user hourly rate while charger engaged?
 2. Use app to notify user charging complete and cite afterwards
 3. Enforce after charging complete by "chalking" vehicle
 - iii. Committee agreed that it would be challenging only to utilize personnel to enforce spaces
 - iv. Add information to Parking & Transportation Services website including basic information (e.g. location and type of chargers)
 - v. Development of strategic plan for future stations- how fund and placement?
 - c. Gary will reach out to some end users including Justin Mog (Office of Sustainability) to get their input and invite to the next Committee meeting

Next meeting scheduled for June 3, 2021 at 10:00am
