

## Parking Advisory Committee

Date: 11/4/2021

Attendees: Gary Becker, Martin Brown, Tammy Lawson, Glenn Gittings, Elijah Cooper, Tom Hardy, Ashley O’Nan, Tim Moore, Christy McElfresh, Melissa Taylor, Dave Parrott, Wendy Smithson

### EV Charging Station Procedures

- EV Charging Station Locations & Procedures added to website
- <https://louisville.edu/parking/commute-green/ev-charging>
- Gary is planning to add type of charging station to information
- Parking & Transportation Services working with University Advancement on future stations and donations

### Construction

- New construction project at 4<sup>th</sup> & Brandeis is scheduled to begin May, 2022. Construction will cause closure of employee parking lot at 3<sup>rd</sup> & Brandeis Ave. Employee parking will be moved to current resident spaces at end of Cardinal Blvd next to Kurz Hall.

### 2022-23 Parking Permit Fees

- No permit increases for last 2 academic years
- Parking & Transportation Services currently working with SGA Administration on fee review. Will work with Faculty & Staff Senate prior to submission to Tuition & Fee Committee

### Inclement Weather

- Winter weather meeting scheduled with Physical Plant
- Communication forthcoming to University about safety during winter period

### Jewish Hospital Parking Issues

- University possesses 237 parking permits for the Jewish Hospital Garage
- Jewish Hospital recently audited usage of visitor parking garage. Results moved some employees parking in visitor facility to employee parking garage which has created space availability issue.
- Jewish Hospital is working on long-term solution
- Short-term solution will allow any of 237 permit holders to park in visitor parking and leave visitor parking garage without payment by having UofL ID. Permit holder must

park in employee parking facility and only utilize visitor structure if employee garage is full.

Next meeting scheduled for December 2, 2021 at 10:00am
