

Vice Chair Report

October 9, 2017

Since my last report, I have participated in the officers meetings, Executive Committee meetings and the meetings with the Interim Associate VP for Human Resources, the Interim Chief Operating Officer and the Interim CFO.

I attended the three Managed Print presentations. After the presentations, purchasing will be requesting additional information from the companies.

In September, I attended the Staff Grievance committee training, and the following committee meetings: Service and Facilities, and the Policy, Economic, and Development.

I have also participated in the specially called University of Louisville Athletics Board meeting.

Another round of CFO interviews were held.
