

Vice Chair Report

March 12, 2018

Presented by Vickie Tencer

As the Vice Chair for Staff Senate, in February I attended the Staff Senate meetings and the Executive Committee meeting, the Leadership meetings with the Interim Chief Operating Officer and the Interim CFO and the Director of Human Resources. As the ex-officio member, I also attended the Policy, Economic, and Development committee meeting.

In January, I was appointed by Dr. Postel to be the Staff Senate Representative to the Athletic Director (AD) search committee. The committee has been meeting, a search firm hired, and the committee is now reviewing the job description. Dr. Postel has established an aggressive timeline, in the hopes of having an AD appointed by the end of March, beginning of April. It is anticipated that candidates will be brought to campus this month.

The Performance Management Workgroup has met several times and the recommendations have gone forward to the Human Resources Advisory Committee (HRAC). The recommendations will also be presented at the Executive Committee and then to the complete senate body.

I was appointed by the Chair to represent Staff Senate on the Revenue Sharing budget committee. The first meeting was held on March 1st. Other meetings are being scheduled to formulate revenue enhancement strategies.
