

Staff Senate Services and Facilities Committee

Meeting: Wednesday Nov 2, 2022 @ 1pm

Attendance: Mark Woolwine, Dennis Thomas, Jennifer Hall, Angela Lewis-Klein, Carcyle Barrett, William Tuttle, Jason Sievers.

Old Business:

Scooters-

- Mark met with SGA Reps Alex Reynolds and Griffin Gould about their meeting with Bird Scooter company. According to Alex and Griffin Bird can send out in app messaging to all users on campus about scooter parking etiquette. Bird does have the ability to block users and issue fines (Fines are \$20 added to students' accounts before they can use scooter again).
 - Community Mode- If you have the Bird app you can click in the bottom left of the app to report issues we see on campus. Bird will be able to see who last rented the scooter and send them in app messaging/block them for repeated violations/fines.

- Also discussed with Alex and Griffin the possibility of our committee and SGA partnering together to create some sort of student education regarding scooters/bike/etc. etiquette and ADA issues around campus

New Business:

We discussed some of the issues that were discussed at the last Staff Senate meeting regarding parking at the HSC campus. In that meeting a fellow staff senator reported that they had a hard time finding parking in the Jewish Garage. One of our committee members also parks in that garage and has never had issues finding parking. Our committee wondered if the issue is that people look for lower floors in that garage.

Vending- It was reported to the committee that there had been some vending issues in and around Ekstrom Library. Some staff reported machines empty, not giving the right product, not accepting cash/not accepting cards. Is this an issue that others are seeing?

Information from the UofL Vending Operations Website:

The University's vending services are contracted with Canteen Service Company and Pepsi Beverages Company.
