

STAFF SENATE GRIEVANCE COMMITTEE

October 12th, 2021 Meeting Report

No grievances have been filed since the last full Senate meeting.

The Staff Grievance Committee's charter was discussed and approved unanimously by the Staff Senate Executive Committee. The charter will be uploaded to the Staff Senate website soon.

A joint meeting between SGC and PED committee members to discuss the ongoing grievance policy review was held on Monday, October 4th. Several great ideas came out of this meeting, which Virginia Hosono (PED Chair) and I will take to the next meeting with HR. I continue to be grateful for Virginia and her committee, and for their willingness to help SGC navigate the policy review process.

Respectfully submitted,
