

Staff Senate Grievance Committee
December 13, 2022, Meeting Report

One grievance has been received since the last full Staff Senate meeting regarding a written warning. After convening a hearing committee and interviewing the Grievant and Respondent, the committee unanimously voted to overturn the discipline involved in the case. The final grievant authority in this case also agreed with the recommendation of SGC, and the written warning will be removed from the grievant's HR File.

Respectfully submitted,

Theora Hudson
