

STAFF SENATE GRIEVANCE COMMITTEE

November 11, 2025 Meeting Report

The Staff Grievance Committee received two grievance referrals since the last full Senate meeting. Both grievances requested a reversal of their written warnings. After convening separate hearing committees, interviewing the grievants, supervisors, and relevant witnesses, the hearing committee unanimously voted to uphold the respective written warnings. Both grievances were quite involved; however, the committee met both deadlines and render an opinion unanimously.

Thanks to those who served on these grievances.

Respectfully submitted,

Ellyce Patton

Chair, Staff Grievance Committee
