Staff Engagement

Conversation about what volunteer opportunities are possible for us as staff, we could use our service days for these as well.

Donna had mentioned that she'd discuss with Douglas Craddock to see any community outreach opportunities are available.

With the staff senate cards, we were thinking of getting a group of staff senators to volunteer to hand write these notes for new hires and retirees. We are waiting to hear back from HR about the actual number of people get hired on an average so we have better idea of numbers and see if writing would be more feasible.
