An input survey will go out this week for the Total Rewards Study. HR would like everyone to complete this by February 28. They want your feedback, and it is anonymous.

A constituent had a question about getting copies of W-2s. In UofL Today it stated that you could get copies, but you would have to pick these up on campus. You can still print these. Go to ULink, and under Payroll, go to View W-2/W-2c Forms. From here you can open the W2s and print.
