

The parking advisory committee meeting notes for 2/5/2026.

Christine Williams Foster-committee member

Wende Elkins-committee member

Gary Becker started the meeting by introducing two new members and having everyone else introduce themselves. The new members are: Patrick Harris & Lisa Nicholson (Faculty Senate)

Deb Huebler, Associate Vice President of Campus Auxiliary Services, discussed the future direction of Parking Advisory Committee. Meeting in person, during lunchtime with a virtual option was mentioned.

Gary Becker -

- Parking study is on-going and we will continue the conversation.
- Event parking will go cashless.
- Employee permit parking currently is deducted from payroll September 1 thru June 30 (10 months). Gary will be recommending that payroll deductions for parking permits start on July 1 thru June 30 (12 month). It will cost the same but be cheaper monthly deducting 12 months vs. 10 months. Short and long-term parking strategies will continue to be a discussion.

Jessica Gernert discussed the snow removal process and what they are doing to do a better job. A lot of the conversation was ADA compliance and complaints that they received due to not being able to properly and safely navigate sidewalks and parking.
